***SANTAFE***

## SANTA FE – STYLE AND STRENGTH, AT ANY SPEED

---

The all new Santa Fe's Storm Edge concept represents a bold and robust design that indicates the power and delicacy of nature during a storm. This style not only exhibits the strength of nature, but also the speed of light.

## EASY LUGGAGE LOADING

---

The Santa Fe's smart tailgate system opens the trunk automatically if you stand behind the car with your smart key. This innovative function allows for easy loading and unloading of the vehicle.

## SPACE THAT IS LUXURIOUS YET PRACTICAL

---

The Santa Fe offers a body engineered to improve smoothness and silence, and an ergonomically designed interior equipped with deluxe features and flexible seating space utilisation. Customise the seat arrangements to suit every part of your life, from everyday carpooling to luggage-filled road trips.

## PANORAMIC SUNROOF

---

Research has shown that sunlight and fresh air are good for you. Compared to regular-sized sunroofs, the panoramic sunroof gives you more of both by eliminating the traditional centre beam and using motor-driven roller blinds.

## KEEPS YOU SAFE IN UNEXPECTED SITUATIONS

All Santa Fe's come with a Vehicle Stability Management (VSM) system which coordinates the Electronic Stability Control (ESC), Traction Control System (TCS), Anti-lock Braking System (ABS) and Electronic Brake-force Distribution (EBD) with Brake Assist, to create an integrated active safety system that helps keep you safe in unfortunate situations.

## A NEW WORLD OF PERFORMANCE

It's going to be thrilling wherever you go with the Santa Fe. Now with Smart Cruise Control and a 2.2L automatic engine available in 2-wheel drive (5-Seater) and all-wheel drive (7-Seater) options.

## SAFETY ON THE ROAD

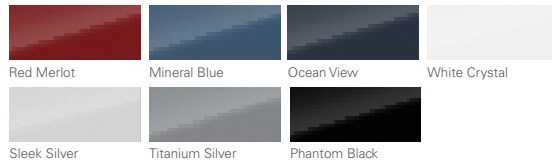

Blind Spot Detection (BSD) alerts you to any fast approaching vehicles in your blind spot in order to help you avoid potential rear-end collisions. The rear-view camera lets you see what happens behind your vehicle before you back up, while the cornering light feature illuminates the road ahead of you.

# SPECIFICATIONS
