THE ART OF PERFORMANCE

Every day we push performance to its limit. Our performance. Our cars' performance.
We innovate, we engineer, we design. We master rules and then break them.
Only to push further. Past the limits of convention. This is when performance becomes art.

Jaguar. The Art of Performance.

INTRODUCTION THE CONCEPT OF F-PACE

F-PACE is inspired by the acclaimed C-X17 concept vehicle. It takes the pure Jaguar DNA of legendary performance, handling and luxury. Then it adds space and practicality.

The F-PACE range features an extended engine choice, including the 2.0 litre 4-cylinder 184kW Turbocharged Ingenium Petrol engine and the 2.0 litre 4-cylinder 177kW Twin Turbocharged Ingenium Diesel engine. With advanced technology and all-aluminium construction, they are both optimised for a mix of economy and performance. Alternatively, choose the 2.0 litre 4-cylinder 132kW Turbocharged Ingenium Diesel engine for increased fuel efficiency.

F-PACE's bold personality can be accentuated with a choice of special editions. Chequered Flag lends itself to Jaguar's rich racing history, with assertive exterior styling and an interior derived from R-Sport. For eye-catching design that is sure to stand out from the crowd, 300 SPORT highlights F-PACE's sporting prowess. Its distinctive exterior accents complement unique interior detailing.

Please refer to the accompanying Technical Specification for full details on Driveline, Engine Performance and Fuel Economy.

VEHICLE SHOWN: F-PACE S IN CAESIUM BLUE WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

F-PACE - THE FACTS

Performance, handling and refinement. Practicality, capability and efficiency.

EFFICIENCY

Every F-PACE is designed and engineered for maximum efficiency. Low-friction technologies, a lightweight body structure and streamlined aerodynamics all contribute to enhanced fuel economy.

PRACTICALITY

F-PACE's rear knee and leg room is among the best in class, and it has 40:20:40 seating configuration for greater flexibility. Loadspace is class leading up to 650 litres¹, with carefully considered dimensions designed to maximise its usability. With powered gesture tailgate² you can access the boot when your hands are full. Simply present your foot under either rear corner and the boot opens or closes.

CAPABILITY

F-PACE matches your practical driving needs and the demands of your lifestyle, by offering All Wheel Drive (AWD) for performance across an even wider range of conditions. Capabilities can be further enhanced by All Surface Progress Control (ASPC), a low-speed cruise control that helps F-PACE to cope with low-traction situations.

¹With Tyre Repair System. 508 litres with space saver spare wheel. 463 litres with full size spare wheel.

²Optional feature. Requires Keyless Entry.

Some features described here are optional and market dependent.

Please refer to the accompanying Technical Specification for full details on Driveline, Engine Performance and Fuel Economy.

VEHICLE SHOWN: F-PACE PORTFOLIO IN YULONG WHITE WITH OPTIONAL FEATURES AND RETAILER-FIT ACCESSORIES (MARKET DEPENDENT)

PERFORMANCE

Discover exhilarating driving experiences across the entire F-PACE range. Our highly efficient performance engines offer a balance between economy and power. Engines include the 2.0 litre 4-cylinder 132kW Turbocharged Diesel – our most economical option from the Ingenium range – and the 3.0 litre V6 280kW Supercharged Petrol, which is capable of reaching a limited top speed of 250km/h, with 0-100km/h acceleration in 5.5 seconds.

REFINEMENT

Our cars have an unrivalled reputation for comfort and a smooth, quiet ride. Thanks to its stiff body structure, advanced suspension and aerodynamic design, F-PACE showcases Jaguar's supreme refinement.

HANDLING

F-PACE's advanced chassis and suspension system is an evolution of the configuration used on our F-TYPE sports car. This robust system is lightweight to ensure F-PACE delivers true sports handling. Jaguar's Electronic Power Assisted Steering (EPAS) software is specially tuned for optimum feedback and control. While the All Wheel Drive (AWD) system uses the F-TYPE-derived, unique Intelligent Driveline Dynamics (IDD) software for an agile feel and to minimise understeer. F-PACE always drives, feels and handles like a Jaguar.

DESIGN EXTERIOR PRINCIPLES

F-TYPE INSPIRED STYLING

PURITY OF FORM

Visually inspired by F-TYPE, Jaguar F-PACE is a performance SUV that has the DNA of a sports car. Its powerful, agile looks make it utterly distinctive and give it a head-turning road presence. From the bonnet bulge to the pronounced rear haunches, F-PACE reinvents the energy, strength and purity of form of F-TYPE.

VEHICLE SHOWN: F-PACE R-SPORT IN FIRENZE RED WITH OPTIONAL FEATURES AND RETAILER-FIT ACCESSORIES
(MARKET DEPENDENT)

EXTERIOR DETAIL

ADAPTIVE LED HEADLIGHTS*

Even at night, F-PACE is instantly recognisable thanks to its Adaptive LED headlights with signature DRL. Adding to F-PACE's commanding on-road presence, Adaptive LED headlights* produce a colour of light that is close to daylight, helping your eyes to distinguish objects more easily. At the rear, full LED tail lights echo F-TYPE's distinctive design.

*Optional feature. Xenon or Halogen headlights are also available depending on model chosen.

VEHICLE SHOWN: F-PACE S IN CAESIUM BLUE WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

INTERIOR CHOICE

SPORTS COMMAND DRIVING POSITION

EXTENSIVE PERSONAL CHOICE

F-PACE's interior blends sportiness and elegance to create the latest in contemporary design. Our extensive range of premium materials, handpicked leathers and sophisticated finishes – including a new Carbon Fibre veneer – gives F-PACE one of the most comprehensive interior choices in its class¹. This is your perfect opportunity to create a space that reflects your individual style.

Take personalisation to the next level with optional Configurable Ambient Interior Lighting². The system highlights the finest interior design details with soft pools of light, in a choice of 10 different colours. F-PACE can create an ambience to match your mood. F-PACE's modern interior design means essential controls are intuitive to use and always close at hand. A high centre console and the Sports Command Driving Position help the driver feel connected and secure. Slender roof pillars and a large windscreen mean all-round visibility is excellent. To add to the sports car feel, choose optional Performance seats in perforated grained leather³. Featuring adjustable side bolsters to hold you snugly in place, they offer even more lateral support – especially during enthusiastic driving.

The optional Cabin Air Ionisation with Nanoe™ technology improves the air quality within the vehicle cabin, and reduces allergens, viruses, airborne bacteria and associated odours. It does so by ionising particles in the air, making them attract to surfaces and thus helping to cleanse the air.

¹Compared to segment competitors.

²Fitment is market and derivative dependent.

³R-Sport and S only.

VEHICLE SHOWN: F-PACE PORTFOLIO WITH SIENA TAN PERFORATED WINDSOR LEATHER SEATS WITH SIENA TAN TONAL STITCH AND OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

INTERIOR SPACE

PANORAMIC ROOF

OPTIMISED REAR SPACE

VEHICLE SHOWN PREVIOUS PAGE: F-PACE R-SPORT FEATURING EBONY/PIMENTO PERFORATED GRAINED LEATHER SPORT SEATS WITH PIMENTO CONTRAST STITCH. OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

VEHICLE SHOWN THIS PAGE: F-PACE PORTFOLIO FEATURING SIENA TAN PERFORATED WINDSOR LEATHER SEATS WITH SIENA TAN TONAL STITCH AND OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

Choose one of our optional panoramic glass roofs to flood your F-PACE's interior with light and enhance the airy, spacious feeling. The fixed panoramic roof* brings the outside in by giving everyone superb views of the sky, while the sliding panoramic roof* allows fresh air into the cabin whenever you want it. For greater privacy and to reduce excessive heating under intense sunlight, every panoramic roof* is fitted with an electric blind as standard.

In the back, there's space for three adults to sit comfortably side by side. Rear leg and knee room are 944mm and 65mm respectively. Throughout the car you'll find neatly placed, versatile storage. There are useful pockets for smartphones and other small items either side of the centre console, as well as below the Touchscreen.

*Fitment of panoramic glass roof is model dependent.

PRACTICALITY

CLASS-LEADING BOOT SPACE

VERSATILE SEATING

F-PACE has a class-leading boot capacity of up to 650 litres^{1,2}. The space is made even more versatile by the rear seats' 40:20:40 configuration. They can be folded completely or folded individually, in a variety of combinations, to accommodate both passengers and awkward items such as skis. With the rear seats folded, F-PACE's total loadspace is up to an impressive 1,731 litres³.

The parcel shelf, so often a difficult object to store, can be stowed under the loadspace floor³. The loadspace floor is reversible³ and can be switched, in an instant, from luxury carpet to an easy-clean, rubberised surface – perfect for damp or muddy equipment. Transferring items into and out of F-PACE is made easier by the low loading height and wide boot opening.

Powered tailgate and powered gesture tailgate are available as options on F-PACE. With powered gesture tailgate you don't even have to touch the car when your hands are full – simply present your foot under one of F-PACE's rear corners and the tailgate opens or closes⁴.

¹With Tyre Repair System. 508 litres with space saver spare wheel. 463 litres with full size spare wheel.

²Below the parcel shelf.

³Boot configuration and total loadspace will vary depending on model and if full size spare wheel or space saver spare wheel is fitted.

⁴Requires Keyless Entry.

Please consult your local Jaguar Retailer for further details.

PERFORMANCE ENGINES

RESPONSIVE ENGINES

EFFICIENCY AND PERFORMANCE

Ingenium technology underpins three of the diesel engines in the F-PACE range. These low-friction, all-aluminium engines have stiff cylinder blocks and twin balancer shafts, to ensure inherently low levels of vibration for smooth day-to-day performance. All engines are equipped with Stop/Start technology and smart regenerative charging – harvesting kinetic energy from braking to charge the battery – for maximum economy, especially during urban driving. For information on Driveline, Engine Performance and Fuel Economy please refer to the accompanying Technical Specification.

INGENIUM DIESEL ENGINES UP TO

0-100km/h in 7.2 seconds

The **Ingenium 2.0 litre 4-cylinder 132kW Turbocharged Diesel*** offers performance and economy. For an engine of this size it offers high levels of torque, but not at the expense of efficiency – a balance achieved thanks to its variable geometry turbocharger. Adapting to the changing flow of exhaust gases, it maximises low-speed torque for broad power and responsiveness that is uniform, progressive and avoids lag.

The **Ingenium 2.0 litre 4-cylinder 177kW Twin Turbocharged Diesel*** delivers high power and torque. Its series sequential twin turbocharger uses high and low pressure spools to give continuous acceleration and maximise performance. A higher specific power output is created by building on Ingenium technology. Upgrades include a higher pressure common rail fuel system, increased from 1,800 to 2,200 bar, and an improved fuel injector flow rate.

*Available in All Wheel Drive only.

Please refer to the accompanying Technical Specification for full details on Driveline, Engine Performance and Fuel Economy.

DIESEL ENGINE

0-100km/h in 6.4 seconds

The **3.0 litre V6 Twin Turbocharged Diesel engine*** offers exceptional power, torque and drivability. It uses innovative twin-parallel sequential turbocharging - a concept pioneered by Jaguar Land Rover - for smooth, more immediate delivery of power at all engine speeds, as well as two-stage water cooling to conserve energy.

F-PACE offers a choice of petrol engines – every one of them is from our Ingenium range. With their lightweight, all-aluminium design, and widespread use of low-friction roller bearings, Ingenium petrol engines are built for smooth, highly efficient performance. All engines are equipped with Stop/Start technology and smart regenerative charging – harvesting kinetic energy from braking to charge the battery – for maximum economy, especially during urban driving.

INGENIUM PETROL ENGINE AS LOW AS

0-100km/h in 6.1 seconds

The **Ingenium 2.0 litre 4-cylinder 184kW Turbocharged Petrol engine** delivers outstanding usable power and torque. For excellent acceleration and effortless overtaking, maximum torque is available between 1,300-4,500rpm. This engine's twin-scroll turbocharger is fed by an integrated exhaust manifold that synchronises exhaust pulses from two separate pairs of cylinders – significantly reducing turbo lag and improving engine response.

The **Ingenium 2.0 litre 4-cylinder 221kW Turbocharged Petrol engine's*** impressive power is balanced with strong fuel economy. For almost instant boost and high efficiency, its low inertia twin-scroll turbocharger features low-friction ball bearings and a high-flow compressor wheel. Underpinned by the turbocharger's increased aerodynamic efficiency, the engine delivers rapid acceleration and maximum torque of 400Nm between 1,500-4,500rpm.

*Available in All Wheel Drive only.

Please refer to the accompanying Technical Specification for full details on Driveline, Engine Performance and Fuel Economy.

PETROL ENGINE

0-100km/h in 5.5 seconds

The **3.0 litre V6 Supercharged Petrol engine*** features a Roots-type twin vortex supercharger that provides linear delivery of power and maximises responsiveness. This results in performance matching much larger engines, while optimising economy and reducing emissions. The engine also features dual independent variable cam timing to vary inlet and exhaust valve operation. This works alongside lightweight pistons with ultra-low friction piston rings, for increased performance and efficiency. For added refinement there is a twin, contra-rotating balancer shaft system.

AUTOMATIC TRANSMISSION

8-SPEED AUTOMATIC TRANSMISSION

F-PACE's automatic transmission is highly responsive, smooth and efficient. Developed specifically for the demands of a performance SUV, it delivers rapid shifting for effortless acceleration and overtaking. This intelligent, adaptive system subtly changes the way the throttle delivers power, as well as gearshift patterns, to suit your particular driving circumstances. The unique JaguarDrive Control system offers even quicker shifts and sportier kickdown in Dynamic Mode, and earlier upshifts in Eco Mode to improve efficiency. While the Rain, Ice, Snow Mode enhances the vehicle stability in low-grip conditions by allowing for more gentle progress. The driver can also opt to manually control gearshifts via the steering wheel paddles at the touch of a finger.

ADVANCED AERODYNAMICS

LOW DRAG

INCREASED STABILITY

F-PACE's aerodynamic performance is a key function of its body design and supports an impressive drag coefficient from Cd 0.37*. The result is that F-PACE really is as sleek as it looks. Highly advanced aerodynamics reduce fuel consumption, CO₂ emissions and wind noise, while adding to high-speed stability and driver confidence. F-PACE's innovative, lightweight underbody design is as important as the body you can see. The smooth underbody surfaces manage airflow to optimise cooling of the engine and brakes, as well as helping to minimise drag, reduce turbulence and increase efficiency. As air reaches the back of F-PACE, the car's sharply angled rear corners and integrated spoiler limit pressure differences forming in the wake of the car for improved fuel economy.

*Engine and model dependent.

VEHICLE SHOWN: F-PACE PORTFOLIO IN YULONG WHITE WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

LIGHTWEIGHT ALUMINIUM ARCHITECTURE

STRONG

RIGID

80% ALUMINIUM¹

Jaguar has been at the forefront of aluminium car construction for more than a decade. Our latest innovation is the Lightweight Aluminium Architecture that provides the foundations for F-PACE. We use aluminium where possible because it creates a stiff, strong and, most importantly, lighter architecture. The architecture's incredible strength offers excellent protection to all occupants, while its reduced weight enhances handling and braking. Aluminium has also been used to form the body sides, bonnet and front wings of F-PACE.

The use of aluminium enables F-PACE to be amongst the lightest cars in its class² – boosting efficiency from the outset. The reduced weight of F-PACE's structure is distributed with a near-perfect 50:50 balance² for a sporting performance and an impeccable ride.

¹Aluminium content based on volume for body structure excluding doors, bonnet and tailgate.

²Model and engine dependent.

ALUMINIUM FRONT KNUCKLE

Designed to optimise stiffness and strength, the lightweight aluminium front knuckle helps improve F-PACE's agility, responsiveness and refinement for sports car-inspired control.

CHASSIS AND SUSPENSION

**SUPERB RIDE
AND HANDLING**

**UNIQUE SUSPENSION
TECHNOLOGY**

Underpinning F-PACE is an evolution of F-TYPE's chassis and suspension system – it offers a unique balance between agility and ride comfort. This ensures that F-PACE feels like a true Jaguar and is a pleasure to drive or be driven in. In combination with this suspension, F-PACE's stiff body structure and the use of lightweight acoustic damping materials create supreme refinement.

INTEGRAL LINK REAR SUSPENSION

Integral Link suspension allows F-PACE to realise a perfect combination of a refined, luxurious ride and sharp, responsive handling. The system separates and independently manages the lateral, longitudinal and vertical forces acting on the suspension for enhanced control and comfort. Many components are forged or hollow cast in aluminium – the optimum production techniques for strong, lightweight suspension.

ALUMINIUM DOUBLE FRONT WISHBONE SUSPENSION

Considered by Jaguar as the best configuration for a front suspension system, the aluminium double wishbone design is modelled closely on F-TYPE's for precise handling and control.

ADAPTIVE DYNAMICS*

The Adaptive Dynamics system delivers both precise dynamics and a supple, luxurious ride by monitoring wheel position and body movements. The system constantly monitors conditions and adjusts the dampers to provide the optimum balance between comfort and refinement at all times.

*Standard on F-PACE S. Optional on all other derivatives.
Requires Configurable Dynamics.

SUSPENSION

We create unique algorithms to represent the strains and stress equivalent to 250,000km or 10 years of driving on our state-of-the-art rig.

COLD CLIMATE

-40°C in our cold climate chamber ensures that when F-PACE is hard at work outside in freezing conditions, everything on the inside is working for your total comfort.

HOT TESTING

In the hot room, temperatures can soar up to 55°C. We can recreate wind speeds of up to 240km/h and road speeds as high as 250km/h. There's nowhere you can take F-PACE that it hasn't been already.

TESTED TO THE EXTREME

-40°C TO 55°C

FROM THE ARCTIC TO DUBAI

From the Arctic Circle and the mountains of China, to the sands of Dubai and coast to coast in North America, F-PACE has seen almost everything the world's roads can throw at it. Then we brought F-PACE home to our UK testing facilities and things got really tough.

MONSOON TESTING

The monsoon chamber drenches F-PACE at every stage of the development process. We test for water management and dispersal along its body and over its windows. And we make sure that F-PACE stays dry inside as well as corrosion-free.

SEMI-ANECHOIC CHAMBER

Our 'neutral sound' room is where we make sure F-PACE sounds like a true Jaguar with its distinctive exhaust note.

FINAL INSPECTION

At the end of the production line, every car is scrutinised by one of the most complex instruments in the world – the human eye. F-PACE undergoes an exhaustive visual inspection by expert quality inspectors.

DRIVING TECHNOLOGY ADVANCED DRIVING DYNAMICS

MAXIMISING AGILITY

CONTINUOUSLY ADAPTING

Dynamic Mode revises the car's software to further enhance F-PACE's sporting character. It sharpens the throttle response, increases steering weighting and performs gearshifts more quickly¹ and at higher engine speeds. It also brings visual drama to the driver, as the instrument cluster takes on a red glow. Dynamic Mode enhances your connection with F-PACE's inherent Jaguar performance.

ELECTRIC POWER ASSISTED STEERING

Electric Power Assisted Steering (EPAS) offers outstanding feedback and control, and it is active on demand – saving power for where you really need it, as well as saving fuel. EPAS's sophisticated computer management varies steering assistance as appropriate – increasing assistance for low-speed manoeuvring and improving feel at higher speeds. It also enables advanced safety features such as Lane Keep Assist and Park Assist.

ADAPTIVE DYNAMICS^{2,3}

Whether you're accelerating on the motorway, cornering on country roads or navigating around town, optional Adaptive Dynamics modifies F-PACE's response to match the conditions and your driving style. It analyses acceleration, cornering, throttle and brake pedal activity, as well as kickdown activation. Steering movement is analysed up to 500 times a second and body movement up to 100 times a second. Electronically controlled dampers then constantly adjust to optimise the suspension settings and maintain F-PACE's dynamism and comfort.

CONFIGURABLE DYNAMICS¹

Bringing technology from F-TYPE, the optional Configurable Dynamics system allows you to set up F-PACE's dynamics for throttle mapping, gearbox shift points and steering to suit your performance driving needs. When optional Adaptive Dynamics is fitted, you can make your setting even more personal by configuring the damper settings.

¹Standard on R-SPORT and S. ²S only. ³Requires Configurable Dynamics.

ADDED DRIVER CONFIDENCE

ALL SURFACE PROGRESS CONTROL

ADAPTIVE SURFACE RESPONSE

Unique in this class of car, Jaguar's All Surface Progress Control (ASPC) technology is a low-speed cruise control that helps F-PACE to cope with low-traction situations. ASPC allows the driver to concentrate on steering the vehicle. Once activated, you use the cruise control buttons to set a 'target' speed of between 3.6km/h and 30km/h. The system then works to achieve and maintain that speed while exerting optimum traction control.

ASPC is standard on all engines fitted with automatic transmissions, and gives F-PACE drivers added confidence over slippery, loose or icy surfaces, undulating terrain and even while descending a difficult incline. It helps make F-PACE easy to drive in challenging conditions. ASPC also has a pull-away function allowing F-PACE to progress from rest on low-grip surfaces and ascending gradients, as well as a Hill Descent Control function, which regulates vehicle speed on steeper inclines.

On All Wheel Drive (AWD) vehicles fitted with Adaptive Dynamics^{1,2}, optional Adaptive Surface Response (AdSR) recognises differences between surfaces to exploit the maximum available grip. Drawing on Jaguar Land Rover's unrivalled expertise with AWD systems, AdSR constantly monitors the car's environment and adjusts the appropriate engine and brake settings. Once selected, AdSR works at all speeds to support you in adverse weather and across challenging surfaces.

¹Standard on F-PACE S.

²Requires Configurable Dynamics.

GRAVEL

WET GRASS

SNOW/ICE

WET ROAD

DRY ROAD CONDITIONS

In normal conditions, torque is distributed to the rear wheels, delivering acclaimed Jaguar agility and handling.

LOW-TRACTION CONDITIONS

On slippery surfaces, such as grass and snow, torque can be balanced between the front and rear wheels to maximise traction.

In extreme conditions where only the front wheels have traction, up to 100 percent of engine torque can be distributed to the front wheels for optimum grip.

ADVANCED DRIVETRAIN TECHNOLOGY

ALL WHEEL DRIVE

INTELLIGENT DRIVELINE DYNAMICS

F-PACE's All Wheel Drive (AWD) system combines the agility and character of Rear Wheel Drive (RWD) with the increased security and traction provided by AWD. In normal driving, F-PACE is predominantly RWD to deliver handling purity, feel and balance. But when roads become more challenging, or when you accelerate more keenly on low-grip surfaces, the system subtly channels power forwards, enabling F-PACE to maintain optimum traction for comfortable progress in all conditions.

F-PACE's AWD uses a transfer case at the back of the 8-speed Automatic Transmission to manage the appropriate distribution of torque to the front and rear wheels. Engineered to ensure that F-PACE retains the dynamic behaviour of a Jaguar, the transfer case contains an electro-mechanically activated multi-plate clutch with an actuator to build hydraulic pressure. This pressure is quickly and accurately controlled to generate the required force in the clutch to transfer the optimal amount of torque to the front wheels.

Unlike other systems that react to wheel slip, Jaguar's Intelligent Driveline Dynamics (IDD) software is predictive and uses sensors measuring throttle and steering inputs to anticipate wheel slip. IDD seamlessly co-ordinates these inputs and compares them with responses from the engine, transmission and traction control systems, to calculate the traction available and distribute torque accordingly, even before grip is lost. From a standstill F-PACE can transition from RWD to AWD in as little as 165 milliseconds or just 100 milliseconds when the car is moving.

The result is a drive which blends the character of RWD with the capability of AWD, providing outstanding levels of performance and control, whatever the road throws at you.

TORQUE VECTORING

MAXIMISED CORNERING CAPABILITY

F-PACE's Torque Vectoring by Braking (TVBB) maximises capability through even the tightest corners. Torque Vectoring technology provides controlled independent braking on the individual inside front and rear wheels to add to the turning forces acting on the car. In most conditions more braking pressure is applied to the rear inside wheel, as this supports the most increased cornering capability, while the front inside wheel is braked for greater effectiveness and refinement. The result is reduced understeer for sharper turning and more consistent road holding. Torque Vectoring delivers increased sports car-like agility and added driver confidence.

VEHICLE SHOWN: F-PACE R-SPORT IN FIRENZE RED WITH OPTIONAL FEATURES AND RETAILER-FIT ACCESSORIES (MARKET DEPENDENT)

STABILITY AND CONTROL

**DYNAMIC
STABILITY CONTROL**

**ENGINE DRAG
TORQUE CONTROL**

**TRAILER
STABILITY ASSIST**

Jaguar's stability systems keep F-PACE safely balanced, whether you're driving enthusiastically or simply want the assurance of a car that will remain stable in challenging conditions.

Dynamic Stability Control (DSC) monitors F-PACE's dynamic behaviour, intervening to maximise vehicle stability and optimising available grip. DSC reduces engine torque and applies braking to the appropriate wheels to correct the car's direction of travel by counteracting understeer or oversteer. F-PACE's DSC system has enhanced understeer control to reduce speed and regain control more effectively.

Engine Drag Torque Control (EDC) mitigates the chance of wheel lock-up caused by strong engine braking in slippery conditions. It acts by briefly increasing torque to the wheels as appropriate.

Trailer Stability Assist (TSA) gives you greater stability when towing. Should TSA detect a dangerous trailer sway situation is developing, it can help you regain control by gradually reducing F-PACE's speed through lowering engine power and applying the brakes individually on each side of the vehicle to control the sway.

VEHICLE SHOWN: F-PACE R-SPORT IN FIRENZE RED WITH OPTIONAL FEATURES AND RETAILER-FIT ACCESSORIES (MARKET DEPENDENT)

ACTIVITY KEY

ROBUST

WATERPROOF

SECURE

Activity Key* makes living life to the full even easier. For extra convenience, you can wear the Activity Key if you prefer not to carry a key fob. The wristband is robust and fully waterproof. It allows you to enjoy a range of activities – from skydiving to swimming – and keep your car key with you. You can use the Activity Key to lock and unlock your car. When exiting the car, you can leave the conventional key fob in the car and present the Activity Key to the tailgate to lock it. The conventional key fob is then automatically deactivated for security.

*Optional feature. Also available as a Jaguar Retailer-fit accessory.

START STOP

TECHNOLOGY INFOTAINMENT

Delivering a wealth of information and entertainment, every F-PACE is equipped with our InControl infotainment system, Touch Pro. It features intuitive and advanced integrated technologies to ensure everyone can make the most of their journey.

10" TOUCH PRO

The standard 10" Touchscreen at the heart of the centre console supports swipe and pinch-to-zoom gestures, and delivers our richest ever audio-visual entertainment. To enhance the in-car experience, Touch Pro offers customisable homescreens and fast response times, as well as voice control. Multi-tasking is also made easy thanks to the Interactive Side Panel. Touch Pro can be further enhanced by adding the connectivity package, Connect Pro¹.

INTERACTIVE DRIVER DISPLAY¹

The optional 12.3" high-definition Interactive Driver Display can receive and project a vast amount of driving information, entertainment and active safety data including navigation, phone and media. Its high resolution ensures the utmost clarity, and its refined processing engine delivers smooth-moving, pin-sharp graphics. To help you find your way more easily, the option of Navigation Pro enables you to display full-screen navigation with 3D mapping.

HEAD-UP DISPLAY²

To help reduce distraction or the need for you to take your eyes off the road, Head-up Display is an option that presents key vehicle data such as your speed, gear position and navigation directions on the windscreen. It features crystal-clear, full-colour graphics in high resolution, enabling you to see all driver inputs and information with ease. It can display important information from the Touch Pro Touchscreen and your phone. The feature can be turned on and off dependent on driver preference.

¹Requires Navigation Pro. Online functionality and wi-fi connectivity is dependent on the installation of a micro SIM with a suitable data contract.

²Requires solar attenuating windscreen to be fitted.

Remote contains subscription services that can be extended after the initial term advised by your Jaguar Retailer. InControl features, options and their availability remain market dependent – check with your Jaguar Retailer for local market availability and full terms. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations. InControl Apps and Remote App will need to be downloaded from the Apple/Play Store. All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times.

CONNECTIVITY

InControl is Jaguar's suite of standard and optional features that connects you to your vehicle and links you seamlessly, and securely, with the outside world. There are a range of packs and options available to choose from. With a selection of apps, even when you're away from your car, some of the InControl features stay with you, making sure the Jaguar experience is more enjoyable than ever.

STANDARD FEATURES

PINPOINT TOUCH CONTROL

Pinpoint touch control allows you to interact with information swiftly. The Touchscreen responds in the same manner as a smartphone or tablet computer, providing multi-touch gestures such as pinch-to-zoom and swipe.

PERSONALISED HOMEPAGE

You can set up your homescreens the way you want them. With over 60 shortcuts and widgets, you can customise your system around the features you use most.

INTERACTIVE SIDE PANEL

A choice of side panels means you can multitask. For example, your main screen area can be used for navigation, while the side panel provides phone controls. Simply swipe up and down to switch between multiple panels.

MULTIMEDIA

Enjoy a range of multimedia features on the Touchscreen. Connect your device and see details of playlists and music displayed by artist, album and genre.

ENHANCED PHONE INTERFACE

Making it easier and safer, you can call a favourite contact with a single touch. Additional functionality includes direct access to voicemail, conference calling and homescreen integration.

VOICE RECOGNITION SYSTEM

Understands clear spoken instructions, so you can concentrate on the road ahead without any distractions.

PROTECT

Jaguar Optimised Assistance* – If you break down, you can make a direct call to the Jaguar Assistance team by pressing the button on the overhead console, or from the Assistance screen within the Remote smartphone app.

SOS Emergency Call – In a more serious incident, SOS Emergency Call will automatically connect you to the emergency response team who will notify the emergency services to your location. For peace of mind, this service is provided for the first 10 years from date of registration.

Remote Essentials – Remote smartphone app provides information on your vehicle and enables you to interact with it remotely. Compatible with most smartphones, Android Wear™ or the Apple Watch®, this service includes:

- **Journey Tracking** – This opt-in feature can automatically record your journey history including your route and mileage statistics. This information can be exported by email to use for expense reporting and can be imported to a spreadsheet.
- **Vehicle Status Check** – Check current fuel level and range, and status of door and window position and locks. See the last parked location of the vehicle and find your way back to it with on-foot directions.

SMARTPHONE PACK

By screen sharing with F-PACE's InControl infotainment system, the Smartphone Pack helps you stay connected to your smartphone, even while in the car.

Apple CarPlay® is also designed for increased safety, enabling the use of apps while allowing the driver to concentrate on the road ahead. Connect your Apple smartphone to your car to use compatible apps such as maps, messages and music through the Touchscreen.

*Jaguar Optimised Assistance is a subscription service that can be extended after the initial term advised by your Jaguar Retailer.

iPhone. is a registered trademark of Apple Inc., registered in the US and other countries. Please ensure iPhone compatibility is reviewed with your local Jaguar Retailer.

OPTIONAL FEATURES

NAVIGATION PRO

Navigation Pro allows you to save your favourite places, use swipe and pinch-to-zoom gestures for simple map exploration, and display a choice of either 2D or 3D crystal-clear map graphics. Navigation Pro functionality is further enhanced by Connect Pro.

CONNECT PRO¹

Connect Pro consists of InControl Apps, Remote Premium, a 4G Wi-Fi Hotspot, and Pro Services. It's designed to enhance your in-car and out-of-car experience, ensuring you and your passengers enjoy the journey whilst remaining connected to the world.

INCONTROL APPS

Jaguar InControl Apps technology allows vehicle-optimised apps on your Android™ or Apple® smartphone to be controlled through the vehicle's Touchscreen, including contacts, calendar and music player via a USB cable. You can also download third-party apps offering a range of services.

REMOTE

Remote Premium provides the following enhancements to the Remote Essentials smartphone app:

- **Remote Lock/Unlock** – Lock or unlock your doors remotely with the click of a button. Simply press the 'lock' button on the Vehicle Security screen of the Remote smartphone app to single lock the doors, arm the alarm, fold in the wing mirrors² and close the windows³. Press the 'unlock' button to unfold the wing mirrors, turn on the dipped headlights and cause the hazard lights to flash twice.
- **Remote Climate** – Prepare your F-PACE in advance by pre-heating or pre-cooling the cabin, so that you and your passengers are comfortable from the moment you step inside.
- **Beep/Flash** – This feature turns on your Jaguar's hazard lights, dipped headlights, and sounds an audible alert to help you locate your vehicle in a crowded car park.

4G Wi-Fi

The 4G Wi-Fi Hotspot provides in-car access to the Internet, enabling up to eight wireless devices to be used simultaneously in the car. Passengers can connect through the vehicle's wireless network to surf, work, update social media and stay entertained throughout the journey.

¹Requires Navigation Pro. ²When power fold mirrors are specified. ³Market dependent.

Remote contains subscription services that can be extended after the initial term advised by your Jaguar Retailer. InControl features, options and their availability remain market dependent – check with your Jaguar Retailer for local market availability and full terms. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations. InControl Apps and Remote App will need to be downloaded from the Apple/Play Store. All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times.

PRO SERVICES

- **Real Time Traffic Information** – Uses live traffic data feeds to give you the most accurate picture of what the traffic is like on the way to your destination.
- **One-box Search** – Wherever you are, you can search the surrounding area for places of interest. The system can access expert destination information, travel tips and inspiration as well as online travel reviews of the local area.
- **Planning Routes and Door-to-Door Routing** – Before setting off, use the Route Planner app or online portal to search, save locations or set your destination. The app uses the Cloud to send your destination automatically to your vehicle's navigation screen. Once you've parked, the Route Planner App will guide you to your destination – a true door-to-door experience which includes public transport options.
- **Share ETA** – You can share your estimated time of arrival so your selected contact(s) will know exactly when you will arrive, as calculated by the navigation guidance system. If you're running late, Share ETA can then send automatic updates via text messages or email, without any further action from you.
- **Satellite View** – When you want to get the context of your surroundings from overhead, simply switch to satellite view.
- **Commute Mode** – Allows the system to learn your commutes and automatically advises you of the expected journey time based on live and historical traffic movements without you having to input a destination. The system learns the routes you take for a given destination and then advises which of those is the quickest. The feature can be turned on and off dependent on driver preference.
- **Parking Service** – As you approach your destination, you can see where parking is available. Simply tap on your preferred car park and the navigation system updates to direct you to it.
- **Online Routing** – While you're on your way to a destination, the system monitors live traffic conditions and takes into account typical traffic patterns for that time of day, keeping you on the optimum route.
- **Safety Cameras** – Alerts you to the location of accident black spots monitored by safety cameras.
- **Fuel Prices** – When you're going to fill up, the Fuel Price service not only finds filling stations along your route, it also enables you to compare fuel prices so you can keep your costs down.
- **Online Media** – Allows for the aggregation of numerous content providers and their personalised content – such as Deezer and TuneIn – that gives access to more than 40 million music tracks and four million on-demand programmes and podcasts. For the first time, these can be directly streamed from the vehicle without the need for a smartphone – providing a seamless and integrated experience.

AUDIO

A vehicle's cabin is the ideal place within which to experience your personal choice of music, and Jaguar F-PACE has the option of three different audio systems to bring your music to life:

SOUND SYSTEM¹

Excellent acoustic range through six speakers.

MERIDIAN™ SOUND SYSTEM²

Great definition, crystal-clear highs and full, deep bass – delivered through the careful arrangement of 10 speakers and a dual-channel subwoofer.

MERIDIAN SURROUND SOUND SYSTEM³

All the fullness and clarity of a live performance delivered through an arrangement of 16 front, side and rear speakers and a dual-channel subwoofer – seamlessly brought together using Trifield™ technology. Exclusive to Meridian, Trifield perfectly blends the centre and surround channels with left and right channels ensuring an optimum, consistent sound experience for each passenger.

¹Standard on all i4 engines and the V6 Petrol engine. ²Standard on 3.0 litre 221kW Diesel engine. ³Optional.

Image is representative of Meridian Surround Sound System.

MERIDIAN™

Formed in 1977 in Cambridgeshire, England, Jaguar’s audio partner Meridian has pioneered many firsts, including active speakers and the world’s first digital surround sound processor. Meridian’s audio technology input has helped ensure that Jaguar F-PACE is the most superb space within which to experience sound. Meridian Cabin Correction technology was utilised to analyse cabin shape, acoustics and resonance characteristics in order to help remove unwanted sounds. The advanced algorithm ensures that the rhythm, punch and timing of any piece of music are heard precisely how the artist intended, providing a consistently exceptional quality audio experience for all passengers in the vehicle.

	UNIQUE MERIDIAN TECHNOLOGY	SPEAKERS + SUBWOOFERS	WATTS
SOUND SYSTEM	N/A	6	180
MERIDIAN™ SOUND SYSTEM	  	10 + 1	380
MERIDIAN™ SURROUND SOUND SYSTEM	   	16 + 1	825

DIGITAL SIGNAL PROCESSING

Brings all elements of the audio system together as one, for performance that would otherwise require significantly larger speakers.

MERIDIAN CABIN CORRECTION

The advanced algorithm of Meridian's Cabin Correction tailors the sound experience to the precise acoustics of F-PACE's interior.

MERIDIAN DIGITAL DITHER SHAPING

To maintain the quality of musical recordings, they are converted into a common digital format. Meridian Digital Dither Shaping ensures that digital signal conversions are made smoothly and seamlessly, preserving the finest details of the audio performance. The result is authentic musical conversion, evoking the emotions of the original recording.

TRIFIELD

Exclusive to Meridian, Trifield blends the centre and surround channels seamlessly with left and right channels, delivering a consistent, concert-like experience for all occupants.

Meridian is a registered trademark of Meridian Audio Ltd.
Trifield and the three fields device is a trademark of Trifield Productions Ltd.
Features and their availability may differ by vehicle specification and market.

SAFETY AND EFFICIENCY DRIVER ASSISTANCE

MAKING DRIVING EASIER AND SAFER

From negotiating city traffic or the motorway, to providing additional safety for you and your passengers, there's a wealth of innovative technologies available; either as standard, optional or as part of an optional pack. Whichever you choose, you'll find every single feature has been designed and engineered to heighten your enjoyment of the vehicle.

STANDARD FEATURES

Front and Rear Parking Aids make manoeuvring even easier. Sensors located in the front and rear bumpers are activated manually, or when reverse is selected. As you park, the Touchscreen display and audio feedback indicate how close you are to obstacles.

Cruise Control and Speed Limiter allows the driver to maintain the current speed of the vehicle without the need for continued use of the accelerator pedal, helping to reduce driver fatigue. In addition, the Speed Limiter will also allow the driver to pre-set a maximum specified speed which the vehicle will not exceed. Both functions can be easily turned on or off by the driver as desired.

Driver Condition Monitor detects if you're starting to feel drowsy by monitoring steering inputs, brake and throttle pedal activity to give you an early warning when you need to take a break.

Lane Keep Assist detects when the vehicle is unintentionally drifting out of the lane and applies a corrective torque to the steering wheel, encouraging you to guide your vehicle back.

Rear Camera provides improved visibility when reversing. Static lines representing the vehicle's outer perimeter and predicted path are superimposed on the rearward image displayed on your Touchscreen.

OPTIONAL FEATURE

360° Surround Camera¹ uses four digital cameras discretely placed around the vehicle, providing a 360° overhead view on the Touchscreen. With the capacity to display several different views at the same time, this helps with various manoeuvres from parking by a kerb, to getting in and out of tight spaces and junctions.

Blind Spot Assist¹ can help you prevent collisions. If your vehicle detects another car in your blind spot when you begin to change lanes, a small warning light illuminates in the corresponding wing mirror. Corrective torque is also applied to the steering wheel, encouraging you to guide your vehicle away from the approaching vehicle.

¹Only available when optional auto-dimming, power fold door mirrors are fitted.

²Not available with Driver Assist Pack.

All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times.

Park Assist

Adaptive Cruise Control

OPTIONAL PACKS

PARK PACK²

Park Pack enables you to park and manoeuvre safely and securely in and out of tight spaces, and into traffic that is obscured by buildings or other vehicles. It features:

Park Assist makes parallel and perpendicular parking easier than ever by steering your vehicle into a suitable space. Selecting the appropriate gear, you only have to control the vehicle's speed with the brake and accelerator pedals. Steering will be done automatically by the car. Graphics and notifications guide you through the manoeuvres. Park Assist will also steer you out of a space, taking all of the stress out of parking.

360° Parking Aid gives you complete confidence when manoeuvring in tight spaces. Sensors located around the car are automatically triggered when Reverse is selected, or can be manually activated, with a graphic appearing on the Touchscreen showing an overhead view of the vehicle. As you park, the Touchscreen display and audio feedback indicate how close you are to obstacles.

Rear Traffic Monitor is particularly useful when reversing out of a parking bay, the system warns you of vehicles, pedestrians or other hazards, approaching from either side of your vehicle. It will alert you with both audio and visual warnings, so you know what's behind you even when the view is obstructed.

DRIVE PACK^{1 2}

Making every journey safer and more relaxing. The Drive Pack includes:

Adaptive Cruise Control will help keep your vehicle a safe distance from the one in front, should it slow or stop when you're cruising on the motorway or travelling in slow-moving traffic. Should the vehicle in front stop completely, your vehicle will come to a smooth halt. In stop-start traffic, Adaptive Cruise Control will automatically resume following the car in front. The system can be activated from 20km/h and once activated will operate between 0-200km/h.

High-speed Emergency Braking detects when a potential frontal collision with another vehicle may occur and displays a forward alert to warn the driver to brake. If the driver doesn't react, the car will deploy the brakes in order to reduce the severity of the possible impact. High-speed Emergency Braking is ready and active from 10km/h to 160km/h.

Blind Spot Assist can help you prevent collisions. If your vehicle detects another car in your blind spot when you begin to change lanes, a small warning light illuminates in the corresponding wing mirror. Corrective torque is also applied to the steering wheel, encouraging you to guide your vehicle away from the approaching vehicle.

OPTIONAL PACKS

DRIVER ASSIST PACK^{1 2}

The optional Driver Assist Pack offers a wide range of driver aids, including the features found in both the Park Pack and Drive Pack (see page 57) together with 360° Surround Camera. It also includes new Adaptive Cruise Control with Steering Assist, which centres the vehicle in lane and maintains a set distance from vehicles ahead, making driving even easier and more comfortable.

¹Only available when optional auto-dimming, power fold door mirrors are fitted. Requires Navigation Pro.

²Not available with Park Pack or Drive Pack.

Adaptive Cruise Control with Steering Assist works with you, assisting with steering, braking and acceleration as you keep your hands on the wheel and anticipate the road ahead. A camera and radar then work together to track vehicles and lanes ahead to maintain a central position for your vehicle, and moderate its speed according to the behaviour of the traffic in front of you. If the vehicle ahead slows – even to a standstill – the feature automatically slows your vehicle, bringing it to a stop where necessary to maintain a relaxed and composed drive in busy traffic situations. Should you remove your hands from the wheel, the vehicle will provide a warning. If the warning is not heeded then the Steering Assist is deactivated, but the Adaptive Cruise Control will remain active.

FRONT CAMERA

FRONT RADAR

EFFICIENT TECHNOLOGIES

ADVANCED AERODYNAMICS

F-PACE's aerodynamics are developed and optimised with the aid of Computational Fluid Dynamics analysis. The management of airflow and drag not only adds to F-PACE's high-speed stability, but also improves its fuel economy*.

LIGHTWEIGHT MATERIALS

At every stage of the development process, engineers maximised weight saving across all of the car's elements. This produces an optimum balance between best performance and weight saving for greater efficiency.

STOP/START*

All F-PACE's engines are available with Stop/Start. It shuts down the engine when you come to a complete halt and restarts the engine immediately when required, helping to save fuel, especially during urban driving.

ECO MODE

Eco Mode encourages fuel-efficient driving by reducing throttle sensitivity, selecting more economical engine mapping and, on manual vehicles, advising of gear shifts. It also reduces fuel consumption, by minimising the energy demands placed on the engine by climate control and audio systems. A display on the Touchscreen helps you by providing vehicle data and driving tips.

SUSTAINABLE CONSTRUCTION

The aluminium alloy used for much of F-PACE's construction is from a high level of recycled aluminium. Using significantly less energy than primary aluminium to produce, it minimises F-PACE's environmental impact.

LOW-FRICTION TECHNOLOGIES

The Ingenium engine range uses smart coating technologies on pistons, needle roller bearings and other mechanical parts. This helps to reduce friction, especially at low engine temperatures, so the car performs at its best and most efficient.

*Please refer to the accompanying Technical Specification for full details on Driveline, Engine Performance and Fuel Economy.

VEHICLE SHOWN: F-PACE R-SPORT IN FIRENZE RED WITH OPTIONAL FEATURES AND RETAILER-FIT ACCESSORIES (MARKET DEPENDENT)

F-PACE SVR

THE CONCEPT OF F-PACE SVR

F-PACE SVR is the most significant evolution yet of the award-winning F-PACE. It's an SUV with the DNA of a sports car. A sports car with all the practicality of an SUV. SVO's highly skilled Engineers and Aerodynamics Experts have analysed and tested every force acting on every part of the vehicle, in every way possible. Then, armed with this information, new heights of precision engineering were achieved to result in something truly special.

Knowledge is more than power, it's also essential in tuning aerodynamics. Our engineers have shaped acting forces in order to deliver breathtaking performance; a full-size SUV that can roar to 100km/h in a thrilling 4.3 seconds.

EXTERIOR

Designed for uncompromised performance, no single part of F-PACE SVR exists for aesthetics alone. A revised front end with enlarged air intakes and optimally positioned bonnet vents are there to maximise airflow and cooling. They also give F-PACE SVR an aggressive stance and hint towards the enormous power within.

New 395mm front brakes and 396mm rear brakes, with Red 4-piston front brake calipers, deliver outstanding braking performance. Bolder wheel arches house 21" or optional 22" forged alloy wheels. For increased grip and improved cornering capability, 295mm wide rear tyres further underscore F-PACE SVR's sporting prowess.

A new spoiler extends the roofline – offering substantial lift reduction and high-speed stability, a highlight of F-PACE SVR's sports car pedigree. For eye-catching styling, and performance you can hear, the F-TYPE inspired Switchable Active Sports Exhaust system features quad tailpipes in highly polished aluminium. Make all this yours with the art of personalisation, which includes the choice between a range of striking exterior colours for F-PACE SVR, including Indus Silver and Ultra Blue.

INTERIOR

Whether you're sitting in the front or the back, you connect with F-PACE SVR from the moment you slide into the form-hugging Performance seats. The 14-way slimline front seats with memory, climate control and SVR embossing feature a lozenge pattern in Premium perforated leather. Adding to the sports car feel, side bolsters hold you snugly in place when cornering. In the rear, matching perforated leather Performance seats offer even more lateral support than in the standard F-PACE - especially during enthusiastic driving.

The 3-spoke sports steering wheel is wrapped in leather, with a contrasting baseball stitch and SVR badging. The SportShift Selector, a detail inspired by F-TYPE, is simple and intuitive to use. For fast, manual changes, without the need for the driver to take their hands off the wheel, gear changes can also be made using the aluminium gearshift paddles. For a strikingly different look, choose from four high-impact interior colourways to create your perfect F-PACE SVR.

PERFORMANCE

Here are some figures to set your pulse racing, before you even get inside the car. F-PACE SVR's 5.0 litre V8 Supercharged Petrol engine delivers an astonishing 405kW and 680Nm of torque. It accelerates from 0-100km/h in just 4.3 seconds, on its way to a top speed of 283km/h.

Jaguar's 8-speed Automatic Transmission, specifically tuned by Special Vehicle Operations, combines precise shifting with an exceptionally rapid response. Eight closely spaced ratios provide strong acceleration, with each shift completed in just 200 milliseconds. F-PACE SVR's bespoke aerodynamics allow this raw power to be released completely unhindered as it slices through the air, creating a thrilling drive without compromise.

Throttle response has been optimised for improved feedback, while a final drive ratio delivers a precise driving experience. Jaguar's advanced torque-on-demand All Wheel Drive system dispatches torque to the wheels that have most traction – delivering maximum grip and control for confident handling in all weathers, on all surfaces.

The Switchable Active Sports Exhaust system reacts to throttle position, speed and engine revs by opening a set of active valves. This allows exhaust gases to take a more direct route through the rear silencer, producing a much richer, more exhilarating sound.

NEW F-PACE CHEQUERED FLAG

F-PACE Chequered Flag captures the essence behind Jaguar's signature characteristics. Starting at its front profile, a performance-focused S front bumper with body-coloured cheeks adds a sporting emphasis to the air intakes. Then, to amplify its all-round muscular form, F-PACE Chequered Flag has been equipped with full Black Pack – a suite of Gloss Black-finished exterior features. This includes the side window surround, grille surround, door cladding, and the exclusive Chequered Flag badged side vents, distinguishing its individuality. Assertive styling underpins this edition, continuing inside with an R-Sport leather interior focused around the driver. Choose between two impressive colour options: Ebony and Pimento, or Ebony with a Light Oyster contrast stitch.

Features:

Available with Ingenium 2.0 litre 4-cylinder 132kW AWD Turbocharged Diesel, Ingenium 2.0 litre 4-cylinder 177kW AWD Twin Turbocharged Diesel, or Ingenium 2.0 litre 4-cylinder 184kW AWD Turbocharged Petrol engine.

Exterior:

- Available in Yulong White, Eiger Grey or Santorini Black • Full Black Pack, including a Gloss Black finish to the side window surround, side vents with Chequered Flag badge, grille surround and door claddings • S front bumper with body-coloured cheeks • Gloss Black roof rails • 19" Style 5038, 5 split-spoke, Gloss Black alloy wheels.

Interior:

- Interior colours: Ebony/Pimento or Ebony/Light Oyster stitch • 10-way electric front seats with driver memory
- Metal treadplates with Chequered Flag branding • Meshed Aluminium trim finisher • Touch Pro • Navigation Pro
- Interactive Driver Display • Connect Pro • Meridian™ Sound System • CD/DVD player.

**300
SPORT**

NEW F-PACE 300 SPORT

F-PACE 300 SPORT demands attention. A distinctive Yellow theme begins at the branding on the brake calipers, and continues in the grille and tailgate 300 SPORT badges. Alone, it is nothing short of eye-catching. But combined with the Dark Satin Grey exterior trim, it creates a striking contrast that you just can't pull your eyes away from. Inside, the contemporary, driver-focused design has undergone the 300 SPORT treatment. Embossing to the headrests, badging on the soft grain leather steering wheel, and Yellow contrast stitching throughout, define the nature of this edition – exciting, and full of personality.

Features:

Available with 3.0 litre V6 221kW AWD Twin Turbocharged Diesel or Ingenium 2.0 litre 4-cylinder 221kW AWD Turbocharged Petrol engine.

Exterior:

- Available in Yulong White, Indus Silver or Santorini Black • Dark Satin Grey accents on the Gloss Black grille's surround, the front bumper, the rear bumper valance, the side window surround and the side door finishers • Gloss Black roof rails • 20" Style 5035, 5 spoke, Satin Dark Grey alloy wheels with contrast Diamond Turned finish • 300 SPORT branded Black brake calipers • 300 SPORT grille and tailgate badge.

Interior:

- Ebony leather interior with Yellow contrast stitching throughout • 300 SPORT front headrest embossing • 10-way electric front seats with driver memory • 4-way electric lumbar adjust • 300 SPORT branded soft grain leather steering wheel with Yellow contrast stitch • Aluminium gearshift paddles • 300 SPORT carpet mats with Yellow contrast stitching • 300 SPORT treadplates • Touch Pro • Navigation Pro • Interactive Driver Display • Connect Pro • Meridian™ Sound System • CD/DVD player.

6 CHOOSE YOUR JAGUAR GEAR - ACCESSORIES

To find out more about the full range of Retailer-fit Jaguar Gear Accessories, please refer to your Retailer or go to gear.jaguar.com/za/en

Ski/Snowboard Holder* **C2A1538**

A safe and secure Jaguar branded system for transporting winter sports equipment. Incorporates slider rails for easy loading. For four pairs of skis or two snowboards.

*Requires roof rails and roof cross bars.

VEHICLE SHOWN: F-PACE R-SPORT IN FIRENZE RED WITH OPTIONAL FEATURES AND RETAILER-FIT ACCESSORIES (MARKET DEPENDENT)

Luggage Compartment Finisher
T4A4072PVJ

Luggage compartment finisher enhances the luggage compartment area and protects the lip when loading or unloading. Manufactured from stainless steel with a brushed, Bright finish, it provides a premium finish to the luggage compartment area.

Union Jack Sill Treadplates
T4A5867PVJ - Jet

Elegantly styled stainless steel sill treadplate finisher for driver or passenger doors featuring a distinctly British design.

Click and Play - iPad® 2-4
J9C2163

Click and Play is a removable tablet holder attachment which is available for various tablets, and can be easily positioned in multiple angles for in-cabin comfort and rear entertainment.

Click and Hang
J9C2167

Click and Hang is a removable coat hanger allowing shirts and jackets to be kept crease-free whilst transporting.

Central Armrest Chiller / Warmer
T2H7739

Food and drinks chiller and warmer that acts as a rear centre armrest. With a leather-covered top, it is held in place by the centre seat belt and powered from the rear auxiliary socket. Ideal for long journeys with the family.

Aluminium Gearshift Paddles
T2R6547MMU

Replacement steering wheel gearshift paddles offered in a premium aluminium material providing a high-quality finish to a key contact point in the vehicle. Manufactured from billet machined aluminium, the paddles are hand brushed for a premium finish and anodised to ensure they will not deteriorate with wear.

6 CHOOSE YOUR JAGUAR GEAR - ACCESSORIES

 Configure your vehicle at jaguar.co.za

Carbon Fibre Side Power Vent
T4A12419 - Left Side
T4A12418 - Right Side

High-grade Carbon Fibre side power vents provide a performance-inspired styling upgrade.

Gloss Black Side Power Vent
T4A4307 - Left Side
T4A4304 - Right Side

Gloss Black side power vents provide a dynamic exterior styling enhancement.

Wind Deflector
T4A7371

Simple to fit and remove, these wind deflectors will add to front seat passenger comfort by allowing air to circulate the cabin, whilst reducing draughts and preventing rain from entering the vehicle. Kit includes two front and two rear deflectors.

Carbon Fibre Mirror Cover
T4A7226

High-grade Carbon Fibre mirror covers provide a performance-inspired styling upgrade.

Gloss Black Mirror Cover
T4A12007

Gloss Black mirror covers accentuate the dynamic design of the exterior mirrors.

Chrome Mirror Cover
T4A7131

Chrome mirror covers accentuate the stylish design of the exterior mirrors.

Electrically Deployable Side Steps
T4A12783 – Left Side
T4A12780 – Right Side

These smart, practical steps make it easier to get in and out of the vehicle and improve access to the roof. Neatly stowed under the sills, the side steps automatically deploy as soon as the door is opened. They stow automatically when the door is closed.

Fixed Side Steps
T4A11848

The side steps aid entry and exit to the vehicle and improve access to the roof. Design features Jaguar branding and includes Bright stainless steel edge trim and a rubber tread mat, to complement the vehicle's exterior styling cues.

Bright Side Tubes
T4A11579

Highly polished stainless steel side tubes complement the vehicle's exterior style.

Front Splash Guards
T4A12742

Jaguar branded, front splash guards complement the lines of your vehicle and provide protection from dirt and stone chippings.

Rear Splash Guards
T4A12743

Jaguar branded, rear splash guards complement the lines of your vehicle and provide protection from dirt and stone chippings.

Tow Bar Mounted Cycle Carrier
C2Z22695 – Two Bike Carrier
C2Z22697 – Three Bike Carrier

Premium tow ball mounted cycle carriers provide a convenient bike carrying solution, with quick release loading attachments and secure locking mechanism. Clever design allows carrier to be tilted away from vehicle when fitted allowing access into the rear tailgate.

6 CHOOSE YOUR JAGUAR GEAR - ACCESSORIES

 Configure your vehicle at jaguar.co.za

Luggage Compartment Rubber Mat¹
T4A4218

This premium mat is tailored specifically to protect the luggage compartment. Light and durable, it is easily removable for cleaning.

Premium Luggage Compartment Carpet Mat¹
T4A4217

Luxurious soft luggage mat in Ebony with the Jaguar logo. Deep premium 2,050g/m² pile with Nubuck edging and Dove contrast stitch.

Luggage Compartment Partition Net
T4A8449

Convenient partition net fitting to luggage compartment D-loops and fixings in roof lining.

Luggage Compartment Partition - Divider²
T4A11741

Offered as an addition to the full or half height luggage compartment partition to separate the loadspace into two sections across the width of the vehicle.

Pet Care and Access Pack³

Taking the effort out of transporting pets, this option ensures everything required is to hand to transport pets in comfort. Combines the quilted loadspace liner, pet access ramp, portable rinse system, and full height luggage partition.

Bumper Protector
T2H7950

Convenient pull out protector provides protection for the rear bumper from scratches and scuffs, helping to prevent clothing from collecting dirt from the bumper during loading/unloading. Manufactured from a robust fabric material the bumper protector has been designed to concertina into the space under the luggage compartment floor for stowage.

¹Not available with full size spare wheel. ²Not compatible with rear loadspace cover, rubber loadspace liner and not available for vehicles with full size spare wheel. ³Pet Pack can be fitted with either rubber liner (T4A5569) or rubber mat (T4A16371). ⁴Requires roof rails. ⁵Requires roof cross bars.

Roof Cross Bars⁴
T4A13875

Jaguar branded cross bars required for fitting all roof carrying equipment. Engineered specifically for your vehicle.

Ski/Snowboard Holder⁴⁵
C2A1538

A safe and secure Jaguar branded system for transporting winter sports equipment. Incorporates slider rails for easy loading. For four pairs of skis or two snowboards.

Watersports Carrier⁴⁵
C2Z21730

A versatile system for transporting a variety of water sports equipment including surfboard, kayak or sailboard. Tilts to facilitate loading/unloading.

Wheel Mounted Cycle Carrier
C2A1539

An easy to fit, roof-mounted, lockable cycle carrier which carries one bike per holder. A maximum of three holders can be fitted. Maximum cycle weight 20kg per carrier. Requires roof cross bars T4A13875. Suitable for an adult sized bike. Small/child sized bike not applicable for fitment. Consideration should always be given to vehicle's maximum roof load capacity to ensure this is not exceeded.

Roof Sport Box - Large⁴⁵
T2H7753

Power-click quick mounting system with integrated torque indicator for easy and secure fixing with a single-handed grip. The 430 litre large roof sport box opens from both sides with handles on the lid and inside the box, for convenient fitting, loading and unloading. Gloss Black finish and lockable for security.

UV Sunshade - Front Windscreen
T4A4216

Tailor-made for the F-PACE windscreen and features Jaguar branding. Reflects the sun's rays and helps to keep the interior of the vehicle cool.

THE WORLD OF JAGUAR

Your Jaguar drives with an instinct for performance, refined through decades of innovative design and engineering. Power and agility are combined with elegance and grace to deliver a vehicle like no other. As a celebration of Jaguar, we've created a range of experiences, publications and the Jaguar Lifestyle Collection. To top it all, we've even returned to the track with Jaguar Racing. Welcome to a world where every aspect of performance is an art.

EXPERIENCE DRIVES

There's no better way of understanding the spirit of Jaguar than by getting behind the wheel. Jaguar Experience Drives are an opportunity to unleash the breathtaking performance of our incredible Jaguar range. Join us at one of our Experience centres, or take part in the Art of Performance Tour. New sensations await.

jaguar.co.za/experience

JAGUAR LAND ROVER ICE ACADEMY

Take your driving to the next level with Jaguar Land Rover Ice Academy. Located on one of the many frozen lakes in Arjeplog, Sweden, your driving skills will be tested through tackling some of the harshest, most challenging tracks on the planet. It's a rare chance to dance on ice and glide around awe-inspiring corners, all under the expert guidance of our instructors. Encounter the true exhilarating potential of the latest Jaguar and Land Rover vehicles in extreme conditions.

THE JAGUAR MAGAZINE

This is our own vibrant, cosmopolitan and contemporary magazine. Go behind the scenes at Jaguar and explore our dedication to performance, design and innovation – as well as catching an insight into the world of luxury, style and travel. You can enjoy The Jaguar magazine twice a year, completely free of charge for the first three years of ownership. Ask your local Jaguar Retailer to ensure that you receive your copy.

jaguar.com/magazine

AT YOUR SERVICE

As well as providing a range of exclusive services and lifestyle products, the World of Jaguar makes owning and driving carefree and easy.

JAGUAR CARE*

F-PACE is offered with a three year or 100,000km warranty and three years' standard servicing programme. We call this programme Jaguar Care. It makes F-PACE's overall cost of ownership one of the lowest in its class. To find out more about F-PACE's Jaguar Care programme, please go to jaguar.com/jaguarcare

GENUINE PARTS

Jaguar Genuine Parts are designed, tested and manufactured to our uncompromising standards for quality, fit and durability. Each part is engineered specifically for your F-PACE to contribute to optimum performance and to help maximise its lifespan.

FLEET & BUSINESS

Jaguars are dynamic and distinctive cars that help companies express the unique character and personality of their business. We are committed to providing customer-focused aftersales services, ensuring that every Jaguar performs to the highest standard and in the most cost-efficient way for businesses. Visit jaguar.co.za/fleet-and-business for more information.

JAGUAR ASSISTANCE

Jaguar Assistance provides assistance in motoring emergencies, from immobilisation due to breakdown or accident, to minor problems such as punctures. You can rely on our roadside assistance, whatever the situation, wherever you happen to be.

JAGUAR FINANCIAL SERVICES

New or used, for personal or business use, we have a finance option that puts you in complete control. Please speak to your local Jaguar Retailer to find out more.

INSURANCE

F-PACE's key components are easily accessible for time-efficient service and repair costs. With a focus on lower repair costs, F-PACE delivers competitive insurance group ratings. To find out more about the compelling business case for F-PACE, please contact your local Jaguar Retailer.

IMPORTANT NOTICE

Jaguar Land Rover Limited is constantly seeking ways to improve the specification, design and production of its vehicles, parts and accessories and alterations take place continually.
