THE ART OF PERFORMANCE

Every day we push performance to its limit. Our performance. Our cars' performance.
We innovate, we engineer, we design. We master rules and then break them.
Only to push further. Past the limits of convention. This is when performance becomes art.
Jaguar. The Art of Performance.

THE WORLD OF JAGUAR

AT YOUR SERVICE

VEHICLE SHOWN: XF R-SPORT IN EIGER GREY WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)
VEHICLES SHOWN ARE FROM THE JAGUAR GLOBAL RANGE. SPECIFICATIONS, OPTIONS AND AVAILABILITY
WILL VARY BETWEEN MARKETS AND SHOULD BE VERIFIED WITH YOUR LOCAL JAGUAR RETAILER.

INTRODUCTION

THE CONCEPT OF XF

XF possesses an unrivalled combination of style and substance, enhanced by state-of-the-art technologies that help keep you safe, connected and entertained. Blending utterly seductive design with dynamics and refinement has resulted in the creation of the most premium and exciting business car of its generation.

Accentuating XF's award-winning design, Chequered Flag sharpens all the characteristics that lend themselves to Jaguar's rich racing heritage. From the best-selling powertrain selection to its sport-refined detailing, you'll feel the thrill of the finish line. But really, when you put your foot down, that's just the beginning.

VEHICLE SHOWN: XF R-SPORT IN EIGER GREY WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

XF - THE FACTS

An outstanding combination of advanced engineering, the latest technology and contemporary design sets XF apart.

ADVANCED AERODYNAMICS

XF is capable of achieving a drag coefficient of just Cd 0.28, one of the lowest in its class. Even the underside of the car is aerodynamically designed to be as smooth as possible, while apertures in the front bumper optimise airflow through the wheel arches. XF cuts through the air, reducing wind noise for enhanced refinement and improved efficiency.

EFFICIENCY AND PERFORMANCE

These are a new breed of diesel and petrol engines, designed for smooth, effortless performance day after day. Their all-aluminium construction goes a long way to reducing fuel consumption, and features such as Stop/Start technology improve your XF's efficiency - especially when driving in urban areas.

CRAFTSMANSHIP AND SPACE

Contemporary craftsmanship and a luxurious, practical interior with the space to stretch out and enjoy every journey. Your front and rear passengers will appreciate leg, knee and headroom that are among the best in class, as well as the 40:20:40 rear seating configuration for increased volume and versatility.

*Feature only available with Navigation Pro, CD/DVD Player and Meridian™ Sound System.

**VEHICLE SHOWN: XF S IN YULONG WHITE WITH OPTIONAL FEATURES FITTED
(MARKET DEPENDENT)**

LIGHTWEIGHT ALUMINIUM ARCHITECTURE

XF's Lightweight Aluminium Architecture creates an incredibly strong body that delivers precise and responsive sports handling with impressive fuel efficiency.

ADDED INTELLIGENCE

Innovative technologies make every drive easier and safer. XF offers Adaptive LED headlights, Adaptive Cruise Control with Queue Assist, Park Assist and Blind Spot Assist. With powered gesture boot lid you can access the boot when your hands are full. Simply present your foot under either rear corner and the boot opens or closes.

CONNECTIVITY

Every drive in XF is enhanced by InControl technologies. InControl is a suite of products and services that connects you with your XF and links it to the wider world. It ensures you are always in touch. With the option of Dual View*, the front passenger and driver can enjoy different media on the same Touchscreen.

DESIGN EXTERIOR PRINCIPLES

DESIGN PURITY

ADAPTIVE LED HEADLIGHTS

"It's about paring it down to the bare essentials. Good designers have always said less is more."
Ian Callum, Jaguar Design Director.

XF demonstrates the Jaguar principles of design purity. Strong lines radiate dynamic character and enhance its capabilities – be it improving aerodynamics, visibility, stability or safety. XF is available with Adaptive LED headlights* featuring Jaguar signature 'J' blade Daytime Running Lights, to give XF a striking on-road presence. The quality of LED light is close to daylight, helping your eyes to distinguish objects more easily and reducing fatigue at night.

*Optional feature, Xenon headlights are also available depending on the model chosen.

VEHICLE SHOWN RIGHT: XF R-SPORT IN EIGER GREY WITH OPTIONAL FEATURES
FITTED (MARKET DEPENDENT)

EXTERIOR AERODYNAMICS

AERODYNAMIC DESIGN

F-TYPE INSPIRED DESIGN

XF's sweeping exterior design is naturally aerodynamic. Its advanced form enhances handling, dynamics and refinement. Airflow is carefully managed through and around the car. Intakes either side of the front grille draw air in, then channel it out from the wheel arches to reduce turbulence. As air flows along the car, pressure differences that can cause drag are minimised by the flush, aerodynamically optimised sides.

At the rear, XF's tail lights feature a distinctive, F-TYPE inspired roundel and intersecting horizontal detail. The LED brake lights are not only brighter than halogen bulbs, they use less energy – contributing to XF's overall drive for greater efficiency. LEDs also illuminate faster, so following drivers can react more quickly to XF's braking. Within the tail lights is a pinstripe graphic, just one of XF's many exquisite finishing touches.

VEHICLE SHOWN: XF S IN YULONG WHITE WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

INTERIOR

**DRAMATIC
START-UP SEQUENCE**

**CONTEMPORARY
CRAFTSMANSHIP**

Open XF's door and the Start button entices you inside. Pulsing with a heartbeat, it creates an emotional connection between driver and machine. Its 72 per minute double beat is the same as a jaguar cat at rest. XF is poised, ready for action. Now push the Start button. The car awakens and its mood lighting illuminates. With perfect choreography, air vents rotate open, the JaguarDrive Selector rises smoothly, and the engine growls – all inspiring you to anticipate the drive ahead.

XF's interior offers outstanding comfort, a sense of wellbeing and a wealth of choice. The number of switches and buttons is kept to a minimum to keep the look clean and tidy, as well as making them easy to use. Whichever XF interior combination you choose, the materials used are always of the highest quality. Leather and finishes are selected with the greatest care to ensure that, inside XF, everything is luxurious to the touch. Whether you prefer Aluminium, Carbon Fibre or Wood veneer finishes to complement the beautiful selection of leathers, your XF will always look and feel just right.

INTERIOR SHOWN: XF S FEATURING LIGHT OYSTER/EBONY SEATS WITH EBONY UPPER FACIA WITH CONTRAST STITCH, EBONY CARPET AND EBONY HEADLINING WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

1. Headroom 970mm 2. Knee room 89mm

INTERIOR SPACE

GENEROUS REAR SPACE

IMPRESSIVE VERSATILITY

The rear of XF's cabin is a destination of luxury, choice and space. The generous rear knee room is among the best in class, while the ample rear legroom and rear headroom gives you space to relax. It all adds up to greater comfort and wellbeing for passengers.

At 505 litres, XF's loadspace offers plenty of carrying capacity. For even greater versatility, the 40:20:40 rear seating configuration is available as standard – it increases loadspace to an impressive 850 litres.

Ambient Interior lighting also enhances XF's atmosphere. Opt for Configurable Ambient Interior Lighting and you'll have a choice of 10 interior colours. The choice continues with optional Four-zone Climate Control, giving individual passengers the opportunity to set their own temperature and airflow.

INTERIOR SHOWN: XF S FEATURING LIGHT OYSTER/EBONY SEATS WITH CONTRAST STITCH, EBONY CARPET AND EBONY HEADLINING WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

PERFORMANCE ENGINES OVERVIEW

INGENIUM ENGINES

STOP/START TECHNOLOGY

Ingenium technology underpins one of the diesel engines in the XF range. These low-friction, all-aluminium engines have stiff cylinder blocks and twin balancer shafts - to ensure inherently low levels of vibration for smooth day-to-day performance. All engines are equipped with Stop/Start technology and smart regenerative charging - harvesting kinetic energy from braking to charge the battery - for maximum economy, especially during urban driving.

INGENIUM DIESEL ENGINE UP TO

0-100km/h in 8.4 seconds

The **Ingenium 2.0 litre 4 cylinder 132kW Turbocharged Diesel** engine offers impressive performance and economy. For an engine of this size it offers high levels of torque, but not at the expense of efficiency – a balance achieved thanks to its variable geometry turbocharger. Adapting to the changing flow of exhaust gases, it maximises low-speed torque for broad power and responsiveness that is uniform, progressive and avoids lag.

Please refer to the accompanying Technical Specification for full details on Driveline, Engine Performance and Fuel Economy.

XF offers a choice of petrol engines, including two from our Ingenium range. With their lightweight, all-aluminium design, and widespread use of low-friction roller bearings, these Ingenium petrol engines are built for smooth, highly efficient performance. These engines are equipped with Stop/Start technology and smart regenerative charging – harvesting kinetic energy from braking to charge the battery – for maximum economy, especially during urban driving.

INGENIUM PETROL ENGINES UP TO

0-100km/h in 6.0 seconds

The **Ingenium 2.0 litre 4 cylinder 184kW Turbocharged Petrol** engine delivers outstanding usable power and torque. For excellent acceleration and effortless overtaking, maximum torque is available between 1,300-4,500 rpm. This engine's twin-scroll turbocharger is fed by an integrated exhaust manifold that synchronises exhaust pulses from two separate pairs of cylinders – significantly reducing turbo lag and improving engine response.

The **Ingenium 2.0 litre 4 cylinder 221kW Turbocharged Petrol** engine's impressive power is balanced with strong fuel economy. For almost instant boost and high efficiency, its low-inertia twin-scroll turbocharger features low-friction ball bearings and a high-flow compressor wheel. Underpinned by the turbocharger's increased aerodynamic efficiency, the engine delivers rapid acceleration and maximum torque of 400Nm between 1,500-4,500rpm.

PETROL ENGINE UP TO

0-100km/h in 5.3 seconds

The **3.0 litre V6 Supercharged Petrol engine** features a Roots-type twin vortex supercharger, that provides linear delivery of power and maximises responsiveness. This results in performance matching much larger engines, while optimising economy and reducing emissions. The engine also features dual independent variable cam timing to vary inlet and exhaust valve operation. This works alongside lightweight pistons with ultra-low friction piston rings, for increased performance and efficiency. For added refinement there is a twin, contra-rotating balancer shaft system.

Please refer to the accompanying Technical Specification for full details on Driveline, Engine Performance and Fuel Economy.

ADVANCED AERODYNAMICS

LOW DRAG

CD 0.28

XF's form has been rigorously optimised for aerodynamic efficiency and stability at motorway speeds. With a drag coefficient from Cd 0.28, XF cuts through the air – reducing fuel consumption and lowering emissions. Every element exploits the exterior's maximum aerodynamic potential, while preserving XF's stunning proportions. Vertical apertures in the front bumper outer edges channel air through vents in the wheel arches and out over the front wheels. The airflow then passes along XF's sides where the doors have a flatter cross sectional profile, to minimise air pressure differences and contribute further to reduced drag. Even the extensive under body protection is designed to make XF as efficient, economical and refined as possible.

VEHICLE SHOWN: XF PORTFOLIO IN SANTORINI BLACK WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

LIGHTWEIGHT ALUMINIUM ARCHITECTURE

STRONG

RIGID

75% ALUMINIUM

Jaguar has been at the forefront of aluminium car construction for more than a decade. The latest innovation is our high-strength Lightweight Aluminium Architecture, which is not only incredibly strong and reduces weight, it is also extremely stiff – underpinning XF's precise, agile handling. Aluminium has also been used to form the body sides, bonnet and front wings. These panels are bonded together with a super-strong adhesive, then punched with zinc-coated, boron steel rivets that compress the adhesive to form an airtight bond and a phenomenally strong, rigid structure. This cutting-edge process, coupled with the Lightweight Aluminium Architecture, makes XF among the lightest cars in its class. This weight saving goes a long way to reducing fuel consumption.

Please refer to the accompanying Technical Specification for full details on Driveline, Engine Performance, and Fuel Economy.

ALUMINIUM FRONT KNUCKLE

Designed to optimise stiffness and strength, the lightweight aluminium front knuckle helps improve XF's agility, responsiveness and refinement for sports car-like control.

CHASSIS AND SUSPENSION

UNIQUE SUSPENSION
TECHNOLOGY

COMFORTABLE
AND DYNAMIC

XF responds with agility and performs with dynamism, while always maintaining ride comfort – it's a unique balance that makes it a Jaguar. The ideal foundation for these driving dynamics is XF's light, yet exceptionally strong and stiff, Lightweight Aluminium Architecture with its near 50:50 weight distribution.

The sophisticated front and rear suspension systems complete a chassis that achieves a superb combination of sportiness and refinement. Advanced damper technologies – both passive or adaptive – improve ride quality still further and extend XF's breadth of dynamic capability. The suspension's control, agility and feedback give XF the spirit of a sports car.

BRAKE SCOOP

A glass-filled polypropylene brake scoop channels air onto the brakes for enhanced brake performance during enthusiastic driving.

INTEGRAL LINK REAR SUSPENSION

Integral Link suspension allows XF to realise a perfect combination of a refined, luxurious ride and sharp, responsive handling. The system, the benchmark for this class of car, separates and independently manages the lateral, longitudinal and vertical forces acting on the suspension, for enhanced control and comfort. Many components are forged or hollow-cast in aluminium – the optimum production techniques for strong, lightweight suspension.

ALUMINIUM DOUBLE FRONT WISHBONE SUSPENSION

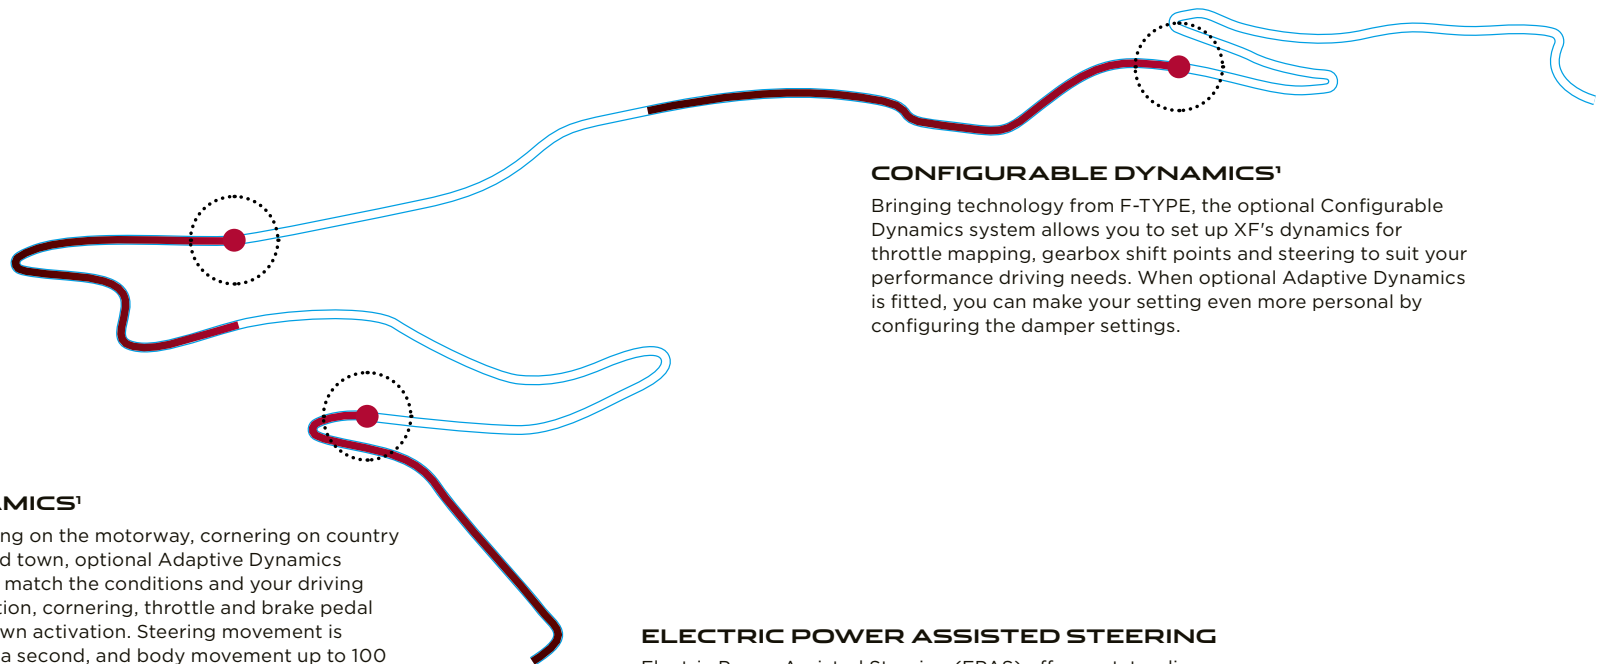

Widely considered as the best configuration for a front suspension system, the aluminium double wishbone design is modelled closely on F-TYPE's, for precise handling and steering response.

DRIVING TECHNOLOGY

ADVANCED DRIVING DYNAMICS

> MAXIMISING AGILITY

Dynamic Mode revises the car's software to further enhance XF's sporting character. It sharpens the throttle response, increases steering weighting and performs gearshifts more quickly and at higher engine speeds. It also brings visual drama to the driver, as the instrument cluster takes on a red glow. Dynamic Mode enhances your connection with XF's inherent Jaguar performance.

ADAPTIVE DYNAMICS¹

Whether you're accelerating on the motorway, cornering on country roads or navigating around town, optional Adaptive Dynamics modifies XF's response to match the conditions and your driving style. It analyses acceleration, cornering, throttle and brake pedal activity, as well as kick-down activation. Steering movement is analysed up to 500 times a second, and body movement up to 100 times a second. Using this information, electronically controlled adaptive dampers then constantly adjust to optimise the suspension settings and maintain XF's poise and comfort.

CONFIGURABLE DYNAMICS¹

Bringing technology from F-TYPE, the optional Configurable Dynamics system allows you to set up XF's dynamics for throttle mapping, gearbox shift points and steering to suit your performance driving needs. When optional Adaptive Dynamics is fitted, you can make your setting even more personal by configuring the damper settings.

ELECTRIC POWER ASSISTED STEERING

Electric Power Assisted Steering (EPAS) offers outstanding feedback, control and is active on demand – saving power for where you really need it, as well as saving fuel. EPAS's sophisticated computer management varies steering assistance as appropriate – increasing assistance for low-speed manoeuvring and improving feel at higher speeds. It also enables advanced safety features such as Park Assist².

¹Standard on XF S.

²Optional feature.

ADDED DRIVER CONFIDENCE

ALL SURFACE PROGRESS CONTROL

ADAPTIVE SURFACE RESPONSE

Unique in this class of car, Jaguar's All Surface Progress Control (ASPC) technology is a low-speed cruise control that helps XF to cope with low-traction situations. ASPC allows the driver to concentrate on steering the vehicle. Once activated, you use the cruise control buttons to set a target speed between 3.5km/h and 30km/h. The system then works to achieve and maintain that speed while exerting optimum traction control.

ASPC is standard on all engines fitted with automatic transmission, and gives XF drivers added confidence over slippery, loose or icy surfaces, undulating terrain and even while descending a difficult incline. It helps make XF easy to drive in challenging conditions. ASPC also has a pull-away function, allowing XF to progress from rest on low-grip surfaces and ascending gradients, as well as a hill descent function that controls vehicle speed on steeper inclines.

With any given set of tyres, ASPC can accomplish comparable levels of traction to that achievable by an expert driver. Fitting all-season or winter tyres to XF can improve capability on slippery surfaces.

GRAVEL

WET GRASS

SNOW/ICE

WET ROAD

TORQUE VECTORING

> MAXIMISED CORNERING CAPABILITY

XF's Torque Vectoring by Braking maximises capability through even the tightest corners. Torque Vectoring technology provides controlled independent braking on the individual inside front and rear wheels, to add to the turning forces acting on the car. In most conditions, more braking pressure is applied to the rear inside wheel as this supports the most increased cornering capability, while the front inside wheel is braked for greater effectiveness and refinement. The result is reduced understeer for sharper turning and more consistent road holding. Torque Vectoring delivers increased sports car-like agility and added driver confidence.

Graphical representation only.

VEHICLE SHOWN PREVIOUS PAGE: XF S IN YULONG WHITE WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

STABILITY AND CONTROL

**DYNAMIC
STABILITY CONTROL**

**ENGINE DRAG
TORQUE CONTROL**

**TRAILER
STABILITY ASSIST**

Jaguar's Stability Systems keep XF safely balanced, whether you're driving enthusiastically or simply want the assurance of a car that will remain stable in challenging conditions.

Dynamic Stability Control (DSC) monitors XF's dynamic behaviour, intervening to maximise vehicle stability and optimising available grip. DSC reduces engine torque and applies braking to the appropriate wheels, to correct the car's direction of travel by counteracting understeer or oversteer. XF's DSC system has enhanced understeer control to reduce speed and regain control more effectively.

Engine Drag Torque Control (EDC) mitigates the chance of wheel lock-up caused by strong engine braking in slippery conditions. It acts by briefly increasing torque to the driven wheels as appropriate.

Trailer Stability Assist (TSA) gives you greater stability when towing. Should TSA detect a dangerous trailer sway situation is developing, it can help you regain control by gradually reducing XF's speed through lowering engine power and applying the brakes individually on each side of the vehicle to control the sway.

Graphical representation only.

VEHICLE SHOWN PREVIOUS PAGE: XF S IN YULONG WHITE WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

TECHNOLOGY INFOTAINMENT

Delivering a wealth of information and entertainment, every XF is equipped with our InControl infotainment system, Touch Pro. It features intuitive and advanced integrated technologies, to ensure everyone can make the most of their journey.

10" TOUCH PRO

The standard 10" Touchscreen at the heart of the centre console supports tap, swipe and pinch-to-zoom gestures, and delivers our richest ever audio-visual entertainment. To enhance the in-car experience, Touch Pro offers customisable homescreens and fast response times, as well as voice control. Multi-tasking is also made easy thanks to the Interactive Side Panel. Touch Pro can be further enhanced by adding the connectivity package, Connect Pro.

INTERACTIVE DRIVER DISPLAY

The optional 12.3" high-definition Interactive Driver Display* can receive and project a vast amount of driving information, entertainment and active safety data including navigation, phone and media. Its high resolution ensures the utmost clarity, and its refined processing engine delivers smooth-moving, pin-sharp graphics. To help you find your way more easily, the option of Navigation Pro enables you to display full-screen navigation with 3D mapping.

HEAD-UP DISPLAY

To help reduce distraction or the need for you to take your eyes off the road, Head-up Display* is an option that presents key vehicle data such as your speed, gear position and navigation directions on the windscreen. It features crystal-clear, full-colour graphics in high resolution, enabling you to see all driver inputs and information with ease. It can display important information from the Touch Pro Touchscreen and your phone. The feature can be turned on and off dependent on driver preference.

*Requires solar attenuating windscreen to be fitted.

Remote contains subscription services that can be extended after the initial term advised by your Jaguar Retailer. InControl features, options and their availability remain market dependent – check with your Jaguar Retailer for local market availability and full terms. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations. InControl Apps and Remote App will need to be downloaded from the Apple/Play Store. All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times.

CONNECTIVITY

InControl is Jaguar's suite of standard and optional features that connects you to your vehicle, and links you seamlessly, and securely, with the outside world. There are a range of packs and options available to choose from. With a selection of apps, even when you're away from your car some of the InControl features stay with you, making sure the Jaguar experience is more enjoyable than ever.

STANDARD FEATURES

PINPOINT TOUCH CONTROL

Pinpoint touch control allows you to interact with information swiftly. The Touchscreen responds in the same manner as a smartphone or tablet computer, providing multi-touch gestures such as pinch-to-zoom and swipe.

PERSONALISED HOMEPAGE

You can set up your homescreens the way you want them. With over 60 shortcuts and widgets, you can customise your system around the features you use most.

INTERACTIVE SIDE PANEL

A choice of side panels means you can multi-task. For example, your main screen area can be used for navigation, while the side panel provides phone controls. Simply swipe up and down to switch between multiple panels.

MULTIMEDIA

Enjoy a range of multimedia features on the Touchscreen. Connect your device and see details of playlists and music displayed by artist, album and genre.

ENHANCED PHONE INTERFACE

Making it easier and safer, you can call a favourite contact with a single touch via the customisable homepage. Additional functionality includes direct access to voicemail, conference calling and homescreen integration.

VOICE RECOGNITION SYSTEM

So you can complete tasks without taking your eyes off the road, XF offers intelligent voice recognition. For example, 'Tune to 97.9' or 'Call home'.

Remote contains subscription services that can be extended after the initial term advised by your Jaguar Retailer. InControl features, options and their availability remain market dependent - check with your Jaguar Retailer for local market availability and full terms. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations. InControl Apps and Remote App will need to be downloaded from the Apple/Play Store. All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times.

PROTECT

Jaguar Optimised Assistance* – If you break down, you can make a direct call to the Jaguar Assistance team by pressing the button on the overhead console, or from the Assistance screen within the Remote smartphone app.

SOS Emergency Call – In a more serious incident, SOS Emergency Call will automatically connect you to the emergency response team, who will notify the emergency services to your location. For peace of mind, this service is provided for the first 10 years from date of registration.

Remote Essentials – Remote smartphone app provides information on your vehicle and enables you to interact with it remotely. Compatible with most smartphones, Android Wear™ or the Apple Watch®, this service includes:

- **Journey Tracking** – This opt-in feature can automatically record your journey history including your route and mileage statistics. This information can be exported by email to use for expense reporting and can be imported to a spreadsheet.
- **Vehicle Status Check** – Check current fuel level and range, and status of door and window position and locks. See the last parked location of the vehicle and find your way back to it with on-foot directions.

SMARTPHONE PACK

By screen sharing with XF's InControl infotainment system, the Smartphone Pack helps you stay connected to your smartphone even while in the car.

Apple CarPlay® is also designed for increased safety, enabling the use of apps while allowing the driver to concentrate on the road ahead. Connect your Apple smartphone to your car to use compatible apps such as maps, messages and music through the Touchscreen.

*Jaguar Optimised Assistance is a subscription service that can be extended after the initial term advised by your Jaguar Retailer.

OPTIONAL FEATURES

NAVIGATION PRO

Navigation Pro allows you to save your favourite places, use swipe and pinch-to-zoom gestures for simple map exploration, and display a choice of either 2D or 3D crystal-clear map graphics. Navigation Pro functionality is further enhanced by the Connect Pro Pack.

CONNECT PRO

Connect Pro consists of InControl Apps, Remote Premium, a 4G Wi-Fi Hotspot, Pro Services and Connected Navigation. It's designed to enhance your in-car and out-of-car experience, ensuring you and your passengers enjoy the journey whilst remaining connected to the world.

INCONTROL APPS

Jaguar InControl Apps technology allows vehicle-optimised apps on your Android™ or Apple® smartphone to be controlled through the vehicle's Touchscreen, including contacts, calendar and music player via a USB cable. You can also download third-party apps offering a range of services.

REMOTE PREMIUM

Remote Premium provides the following enhancements to the Remote Essentials smartphone app:

- **Remote Lock/Unlock** – Lock or unlock your doors remotely with the click of a button. Simply press the 'lock' button on the Vehicle Security screen of the Remote smartphone app to single lock the doors, arm the alarm, fold in the wing mirrors* and close the windows. Press the 'unlock' button to unfold the wing mirrors, turn on the dipped headlights and cause the hazard lights to flash twice.
- **Beep/Flash** – This feature turns on your Jaguar's hazard lights, dipped headlights and sounds an audible alert to help you locate your vehicle in a crowded car park.

4G Wi-Fi

The 4G Wi-Fi Hotspot provides in-car access to the Internet, enabling up to eight wireless devices to be used simultaneously in the car. Passengers can connect through the vehicle's wireless network to surf, work, update social media and stay entertained throughout the journey.

PRO SERVICES

- **Real-time Traffic Information** – Uses live traffic data feeds to give you the most accurate picture of what the traffic is like on the way to your destination.
- **One-box Search** – Wherever you are, you can search the surrounding area for places of interest. The system can access expert destination information, travel tips and inspiration, as well as online travel reviews of the local area.
- **Planning Routes and Door-to-Door Routing** – Before setting off, use the Route Planner app or online portal to search, save locations or set your destination. The app uses the Cloud to send your destination automatically to your vehicle's navigation screen. Once you've parked, the Route Planner app will guide you to your destination – a true door-to-door experience which includes public transport options.
- **Satellite View** – When you want to get the context of your surroundings from overhead, simply switch to satellite view.
- **Commute Mode** – Allows the system to learn your commutes, and automatically advises you of the expected journey time based on live and historical traffic movements, without you having to input a destination. The system learns the routes you take for a given destination and then advises which of those is the quickest. The feature can be turned on and off dependent on driver preference.

Parking Service – As you approach your destination, you can see where parking is available. Simply tap on your preferred car park and the navigation system updates to direct you to it.

- **Online Routing** – While you're on your way to a destination, the system monitors live traffic conditions and takes into account typical traffic patterns for that time of day, keeping you on the optimum route.
- **Safety Cameras** – Alerts you to the location of accident black spots monitored by safety cameras.
- **Fuel Prices** – When you're going to fill up, the Fuel Price service not only finds filling stations along your route, it also enables you to compare fuel prices so you can keep your costs down.
- **Online Media** – Allows for the aggregation of numerous content providers and their personalised content – such as Deezer and TuneIn – that gives access to more than 40 million music tracks and four million on-demand programmes and podcasts. For the first time, these can be directly streamed from the vehicle without the need for a smartphone – providing a seamless and integrated experience.

AUDIO

A vehicle's cabin is the ideal place within which to experience your personal choice of music, and Jaguar XF has the option of three different audio systems to bring your music to life:

SOUND SYSTEM

Excellent acoustic range through eight speakers.

MERIDIAN™ SOUND SYSTEM*

Great definition, crystal-clear highs and full, deep bass – delivered through the careful arrangement of 10 speakers and a dual-channel subwoofer.

MERIDIAN SURROUND SOUND SYSTEM*

All the fullness and clarity of a live performance delivered through an arrangement of 16 front, side and rear speakers and a dual-channel subwoofer – seamlessly brought together using Trifield™ technology. Exclusive to Meridian, Trifield perfectly blends the centre and surround channels with left and right channels, ensuring an optimum, consistent sound experience for each passenger.

*Optional feature.

Image is representative of Meridian Surround Sound System.

For more details on feature availability refer to pages 52-59 or configure your vehicle at jaguar.co.za

MERIDIAN™

Formed in 1977 in Cambridgeshire, England, Jaguar’s audio partner Meridian has pioneered many firsts, including active speakers and the world’s first digital surround sound processor. Meridian’s audio technology input has helped ensure that Jaguar XF is the most superb space within which to experience sound. Meridian Cabin Correction technology was utilised to analyse cabin shape, acoustics and resonance characteristics in order to help remove unwanted sounds. The advanced algorithm ensures that the rhythm, punch and timing of any piece of music are heard precisely how the artist intended, providing a consistently exceptional quality audio experience for all passengers in the vehicle.

	UNIQUE MERIDIAN TECHNOLOGY	SPEAKERS + SUBWOOFER	WATTS
SOUND SYSTEM	N/A	8	180
MERIDIAN™ SOUND SYSTEM	  	10+1	380
MERIDIAN™ SURROUND SOUND SYSTEM	   	16+1	825

DIGITAL SIGNAL PROCESSING

Brings all elements of the audio system together as one, for performance that would otherwise require significantly larger speakers.

MERIDIAN CABIN CORRECTION

The advanced algorithm of Meridian’s Cabin Correction tailors the sound experience to the precise acoustics of XF’s interior.

MERIDIAN DIGITAL DITHER SHAPING

To maintain the quality of musical recordings, they are converted into a common digital format. Meridian Digital Dither Shaping ensures that digital signal conversions are made smoothly and seamlessly, preserving the finest details of the audio performance. The result is authentic musical conversion, evoking the emotions of the original recording.

TRIFIELD

Exclusive to Meridian, Trifield blends the centre and surround channels seamlessly with left and right channels, delivering a consistent, concert-like experience for all occupants.

Meridian is a registered trademark of Meridian Audio Ltd.
Trifield and the three fields device is a trademark of Trifield Productions Ltd.
Features and their availability may differ by vehicle specification and market.

SAFETY AND EFFICIENCY DRIVER ASSISTANCE

360° SURROUND CAMERA

360° Surround Camera uses four digital cameras discretely placed around the vehicle, providing a 360° bird's-eye view on the Touchscreen. With the capacity to display several different views at the same time, this helps with various manoeuvres from parking by a kerb, to getting in and out of tight spaces and junctions.

REAR CAMERA

Rear Camera provides improved visibility when reversing. Static lines representing the vehicle's outer perimeter and predicted path are superimposed on the rear view image displayed on your Touchscreen.

360° PARKING AID

360° Parking Aid uses ultrasonic sensors to the front, rear and sides of the vehicle to alert you to the proximity of objects when parking or exiting from a bay.

FRONT AND REAR PARKING AIDS

Front and Rear Parking Aids make manoeuvring even easier. Sensors located in the front and rear bumpers are activated manually, or when reverse is selected. As you park, the Touchscreen display and audio feedback indicates how close you are to obstacles.

All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times.
For more details on feature availability refer to page 67 or configure your vehicle at jaguar.co.za

BLIND SPOT ASSIST

Blind Spot Assist can help you prevent collisions. If your vehicle detects another car in your blind spot when you begin to change lanes, a small warning light illuminates in the corresponding wing mirror. Corrective torque is also applied to the steering wheel, encouraging you to guide your vehicle away from the approaching vehicle. Reverse Traffic Detection is particularly useful when reversing out of a parking bay - the system warns you of vehicles, pedestrians or other hazards, approaching from either side of your vehicle. It will alert you with both audio and visual warnings, so you know what's behind you, even when the view is obstructed.

PEDESTRIAN CONTACT SENSING

Help protect the people outside your car as well as those inside. If the car makes contact with a pedestrian, our industry-leading Pedestrian Contact Sensing system is designed to automatically raise the bonnet to help cushion a potential impact.

ADAPTIVE CRUISE CONTROL WITH QUEUE ASSIST

Adaptive Cruise Control uses radar technology to automatically adjust your speed to maintain a safe distance from the vehicle ahead. XF resumes its preset speed as soon as the road in front is clear. Should the car in front stop completely, the Queue Assist function brings XF to a smooth halt. Once the traffic moves off, touch the accelerator and XF will follow the car in front again.

NEW XF CHEQUERED FLAG

With all the style, elegance and luxury of XF, Chequered Flag bears testimony to Jaguar's undoubted heritage. Building on the assertive design of R-Sport, Gloss Black side vents feature unique badging, whilst the sleek 'S' bumpers enhance XF's purposeful stance. Unique wheels, together with the Black Pack trimmed exterior, give it an even greater presence. XF is refined and contemporary, but it's also from pure racing pedigree. Ease into the R-Sport styled cockpit, grip the soft grain leather steering wheel and simply relish being on the road.

Features:

- A choice of RWD petrol and diesel engines*

Exterior:

- Available in Yulong White, Santorini Black and Eiger Grey • Assertive Black Pack design styling • Tailgate/boot lid spoiler
- Sport-inspired 'S' bumpers with body-coloured cheeks • Gloss black Chequered Flag side vents to match the finish of the 18" Style 7011, 7 split-spoke wheels • Body-coloured side sills

Interior:

- A choice between Ebony/Pimento or Ebony/Ebony grained leather interior with contrast stitching • Perforated grained leather seats with contrast stitching • Metal treadplates with Chequered Flag branding • Soft grain leather steering wheel with Chrome gearshift paddles • Dark Hex Aluminium instrument panel finisher • Keyless Entry • Navigation Pro • Connect Pro • Interactive Driver Display.

*For further details please see pages 54-56.

6 CHOOSE YOUR JAGUAR GEAR - ACCESSORIES

 Configure your vehicle at jaguar.co.za/accessories

The genuine range of accessories from Jaguar.

Water Sports Carrier* **C2Z21730**

A versatile system for transporting a variety of water sports equipment including surfboard, kayak or sailboard. Tilts to facilitate loading/unloading.

*Requires roof cross bars T2H14468.

VEHICLE SHOWN: XF S IN YULONG WHITE WITH OPTIONAL FEATURES FITTED (MARKET DEPENDENT)

Aluminium Paddle Shifters
T2R6547
T2R6547CAY Red

Replacement steering wheel gearshift paddles offered in a premium aluminium material, providing a high-quality finish to a key contact point in the vehicle. Manufactured from billet machined aluminium, the paddles are hand brushed for a premium finish and anodised to ensure they will not deteriorate with wear.

Premium Carpet Mats
T2H4234PVJ

Luxurious, tailored 2,050g/m² pile front carpet mats with embossed Jaguar logo and nubuck edge binding. The premium mats provide a well-appointed finishing touch to the interior.

Central Armrest Chiller/Warmer
T2H7739

Food and drinks chiller and warmer that acts as a rear centre armrest. With a leather-covered top, it is held in place by the centre seat belt and powered from the rear auxiliary socket. Ideal for long journeys with the family.

iPad Holder
T2H7757

Jaguar branded iPad® holder mounts to front seat headrests, providing a flexible solution for rear seat entertainment. Quick release design ensures iPad® can be fitted or removed quickly and easily.

Personalised Illuminated Sill Treadplates
T2H17122PVJ

Elegantly styled stainless steel sill treadplate finishers for driver or passenger doors. Illuminates when either the driver or passenger doors are opened. Highlighted by soft Phosphor Blue lighting. Allows you to specify a monochrome 'motif' in a choice of approved typefaces/scripts.

Rubber Mats
T4N7742 - LHD

Hard-wearing Jaguar branded rubber mats provide added protection for your vehicle's carpets.

6 CHOOSE YOUR JAGUAR GEAR - ACCESSORIES

 Configure your vehicle at jaguar.co.za

Gloss Black Side Vent¹
T2H19534 - Left side
T2H19531 - Right side

Jaguar branded, Gloss Black side power vents provide a dynamic exterior styling enhancement.

Carbon Fibre Side Vent
T2H18319 - Left side
T2H18318 - Right side

High-grade Carbon Fibre side power vents provide a performance-inspired styling upgrade.

Rear Tailgate Trim - Gloss Black
T2H17748

Add style and visual distinction with Gloss Black finish rear tailgate trim.

Gloss Black Mirror Cap
C2D6067PEC - Left side
C2D6066PEC - Right side

Gloss Black mirror covers accentuate the dynamic design of the exterior mirrors.

Carbon Fibre Mirror Cap
C2P24177 - Left side
C2P24176 - Right side

High-grade Carbon Fibre mirror covers provide a performance-inspired styling upgrade.

Splash Guards
T2H12952 - Front
T2H12953 - Front (R-Sport & S)
T2H12954 - Rear

Jaguar branded splash guards complement the lines of your vehicle, reduce spray and provide protection from dirt and stone chippings.

¹Not applicable for R-Sport. ²Requires roof cross bars T2H14468.

Roof Cross Bars
T2H14468

Jaguar branded cross bars required for fitting all roof carrying equipment. Engineered specifically for your vehicle.

Ski/Snowboard Holder²
C2A1538

A safe and secure Jaguar branded system for transporting winter sports equipment. Incorporates slider rails for easy loading. For four pairs of skis or two snowboards.

Roof Luggage Box²
C2C41628

Spacious 410 litre capacity lockable roof luggage box, measuring 175 x 82 x 45cm.

Wheel Mounted Roof Cycle Carrier³
C2A1539

An easy to fit, roof-mounted, lockable cycle carrier which carries one bike per holder. A maximum of three holders can be fitted. Maximum cycle weight 20kg per carrier.

Fork Mounted Cycle Carrier²
C2A1540

Fitted to the roof, the fork mounted cycle carrier provides a simple and secure fitting with the bike front wheel removed, ideally suited to lightweight bikes and 'racing' wheels. A separate carrier is included for the front wheel. Easy to fit, lockable cycle carrier which carries one bike per holder. A maximum of three holders can be fitted.

Tow Bar Mounted Cycle Carrier
C2Z22695 - 2 Bike
C2Z22697 - 3 Bike

Premium tow ball mounted cycle carriers provide a convenient bike carrying solution, with quick release loading attachments and secure locking mechanism. Clever design allows carrier to be tilted away from vehicle when fitted allowing access into the rear tailgate.

SPECIAL VEHICLE OPERATIONS

Special Vehicle Operations (SVO) designs and engineers products that amplify Jaguar and Land Rover core brand values; focusing on luxury, performance and capability.

Our team of specialists are completely focused on enhancing and personalising our relationship with our most discerning and enthusiastic customers – delivering experiences that our customers will love for life.

SVO is responsible for the creation of a suite of halo products that showcase the pinnacle of Jaguar design and engineering capabilities, enabling our customers to indulge their passion for spectacular new vehicles.

THE NEW SVO TECHNICAL CENTRE

In the heart of the British Midlands is SVO's brand new Technical Centre. This state-of-the-art facility represents a £20m investment by Jaguar Land Rover, and features four zones designed to support the creation of truly breath-taking vehicles. In addition to the Commissioning and Presentation suites, our manufacturing centre is responsible for the assembly and hand-finishing of SVO halo and Collector's Edition vehicles, and a world-class paint facility ensures an exquisite finish for every car we create.

BESPOKE BY SVO

Bespoke by SVO was born out of an innate understanding of what our most discerning clients value more than anything else – to own something completely unique to them. Something only they can have, reflecting who they are and what they hold most dear. With that in mind, SVO developed innovative Commissioning and Presentation suites enabling creation of the most refined and luxurious vehicles in the world. This special new facility is housed within the new SVO Technical Centre in Warwickshire, England.

THE WORLD OF JAGUAR

Your Jaguar drives with an instinct for performance, refined through decades of innovative design and engineering. Power and agility are combined with elegance and grace to deliver a vehicle like no other. As a celebration of Jaguar, we've created a range of experiences, publications and the Jaguar Lifestyle Collection. To top it all, we've even returned to the track with Jaguar Racing. Welcome to a world where every aspect of performance is an art.

EXPERIENCE DRIVES

There's no better way of understanding the spirit of Jaguar than by getting behind the wheel. Jaguar Experience Drives are an opportunity to unleash the breathtaking performance of our incredible Jaguar range. Join us at one of our Experience Centres, or take part in the Art of Performance Tour. New sensations await.

ABB FIA FORMULA E

Jaguar's reputation for performance, technology and design was forged at the world's most challenging circuits and championships. From Le Mans to Formula 1, and now Formula E, the grid is our test bed. Formula E provides the perfect proving ground for electric vehicle technology in a high-performance environment. The racing series accelerates the development of Jaguar's electric powertrains. With every race, Formula E helps Jaguar engineers to create better electric vehicles.

jaguar.co.za/jaguar-racing

JAGUAR I-PACE eTROPHY

We're making history. Again. Our latest development as leader in the global automotive race to electrification is I-PACE eTrophy – the world's first all-electric, production-based international race series. Engineered and built by Special Vehicle Operations to compete on the zero emissions world stage, racers of the future will push electrification to thrilling heights.

THE JAGUAR MAGAZINE

This is our own vibrant, cosmopolitan and contemporary magazine. Go behind the scenes at Jaguar and explore our dedication to performance, design and innovation – as well as catching an insight into the world of luxury, style and travel. You can enjoy The Jaguar magazine twice a year, completely free of charge for the first three years of ownership. Ask your local Jaguar Retailer to ensure that you receive your copy.

jaguar.com/magazine

AT YOUR SERVICE

As well as providing a range of exclusive services and lifestyle products, the World of Jaguar makes owning and driving carefree and easy.

GENUINE PARTS

Jaguar Genuine Parts are designed, tested and manufactured to our uncompromising standards for quality, fit and durability. Each part is engineered specifically for your XF, to contribute to optimum performance and to help maximise its lifespan.

FLEET & BUSINESS

Jaguars are dynamic and distinctive cars that help companies express the unique character and personality of their business. We are committed to providing customer-focused aftersales services, ensuring that every Jaguar performs to the highest standard and in the most cost-efficient way for businesses. Visit jaguar.co.za/fleet-and-business for more information.

JAGUAR ASSISTANCE

Jaguar Assistance provides assistance in motoring emergencies, from immobilisation due to breakdown or accident, to minor problems such as punctures. You can rely on our roadside assistance, whatever the situation, wherever you happen to be.

JAGUAR FINANCIAL SERVICES

New or used, for personal or business use, we have a finance option that puts you in complete control. Please speak to your local Jaguar Retailer to find out more.

INSURANCE

XF's key components are easily accessible for time-efficient service and repair costs. With a focus on lower repair costs, XF delivers competitive insurance group ratings. To find out more about the compelling business case for XF, please contact your local Jaguar Retailer.

IMPORTANT NOTICE

Jaguar Land Rover Limited is constantly seeking ways to improve the specification, design and production of its vehicles, parts and accessories and alterations take place continually. Whilst every effort is made to produce up to date literature, this brochure should not be regarded as an infallible guide to current specifications or availability, nor does it constitute an offer for the sale of any particular vehicle, part or accessory. Distributors and Retailers are not agents of Jaguar Land Rover Limited by any express or implied undertaking or representation.

COLOURS

Image colours reproduced here are provided for illustrative purposes only. Colours are reproduced on-screen and may therefore vary compared to the actual finish. The company reserves the right to alter or withdraw any colour finish without notice. Some of these colours may not be obtainable in your country. Please check availability of colours and current specifications with your Jaguar Retailer. Distributors and retailers are not agents of Jaguar Land Rover Limited and have absolutely no authority to bind Jaguar Land Rover Limited to any express or implied undertaking or representation.

ENVIRONMENTAL INNOVATION AT JAGUAR

Jaguar is committed to reducing dependency on fossil fuels, using fewer natural resources and creating less waste as part of our approach to responsible and sustainable business development.
