

The refreshed **KIA RIO**.
Designed to outrun expectation.

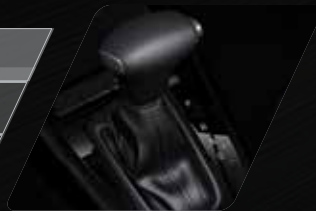

The Power to Surprise

The power to pull ahead of the pack

The Rio combines fuel saving efficiency with a constant reserve of power. Its handling around town is smooth and agile. And when speed is called for, you'll love the punch of performance it offers.

Engine	1.4 MPI	1.2 MPI
Displacement (cc)	1,368	1,248
Max. power (kW/rpm)	73/6300	61/6000
Max. torque (Nm/rpm)	135/4200	120/4000
Mated transmission	6 M/T, 6 A/T	5 M/T

Automatic transmission A smooth-shifting 6-speed automatic transmission transfers the engine's torque output to the wheels.

Manual transmission An efficient 6-speed or 5-speed manual transmission offers quick, smooth shifts and gear ratios matched to fit the engine's torque curve.

Sunroof**

An available power sunroof adds an open-air feeling to the already roomy cabin of the Rio.

Radiator grille

A sporty new grille design employs a smooth black insert that visually connects the light assemblies. Most of the airflow for cooling the engine now enters through the lower intake.

** Only available in EX and TEC*

*** Only available in TEC Models*

**** Only available in LX, EX and TEC.*

Bi-function headlamps*

High and low beams are integrated into the same lighting element, which is tastefully mounted within the clear protective housing.

Electric folding mirrors***

The outside mirrors can be folded and unfolded conveniently with the push of a button.

Rear spoiler garnish

A rear spoiler improves the air vortex around the C-pillar for enhanced aerodynamics and downforce on the rear tires.

Supervision cluster with 4.2" LCD screen* A tasteful, intelligently designed and customizable supervision cluster provides outside temperature and vehicle and trip data.

Steering wheel audio remote control Adjust audio settings using just your thumb for enhanced driving safety.

Cruise control** The cruise control can be activated using steering wheel-mounted controls, making it easy to set your desired speed in a safe manner.

Full-folding 2nd row seats Rear seats fold fully flat, so when you need to, you can accommodate long or bulky items in the extended cargo space.

60:40 split-folding rear seats The rear seats split 60:40 and fold flat, giving you utmost flexibility in managing cargo and passenger space.

Colour 8" LCD touch-screen audio The 8" TFT-LCD touch-screen standard with Apple Car Play and Android auto audio system displays artist and track names, station information and more, and can be controlled with the tap of a finger. The system is MP3-compatible.

USB audio input Flash drives and other compatible audio devices can be linked via the USB connection and accessed using the audio controls.

Logical ergonomic control for any situation

The cockpit prioritizes information and limits visual and manual distractions. The cluster presents driving data, while a center floating display simplifies access to a range of entertainment and comfort controls.

Relax all the way there... and back

Up to five people can ride in comfort with plenty of room to stretch thanks to a longer wheelbase. Automatic air conditioning adds to the experience.

Images are for illustration purposes and may show features, colours and trims that are not available in South Africa. Please consult your dealership to confirm local specification. E&OE

51% AHSS application

The Rio uses more than 51% Advanced High Strength Steel (AHSS), which is a more than 54% increase from the previous model. This equates to phenomenal body rigidity that enhances cabin protection as well as dynamic performance.

8 zones with hot-stamped components

The Rio features hot-stamping of components in 8 core stress areas. The strengthened body structure helps provide improved crash protection.

97m of structural adhesive

With almost three times the structural adhesive applied compared to the previous generation, the Rio is more rigid yet lighter, and features improved noise, vibration and harshness management.

A single-minded obsession with everything that could go wrong

We believe that a car has one paramount duty: to protect the people inside it and around it. The Rio features intelligent active safety technologies and substantial passive safety enhancements for your peace of mind.

6 airbags Protection includes front air bags for the driver and front-seat passenger, two air bags at the sides, and two curtain airbags running the length of the cabin.

Parking Distance Warning (PDW) • For utmost confidence and peace of mind when maneuvering into and out of tight parking spaces, PDW uses ultrasonic sensors mounted on the rear bumpers to warn you of any nearby obstacles.

Rear View Monitor (RVM) • Rear View Monitor with Parking Guidance gives you a live view of what's behind you. Lines superimposed on the image help you know how much space you have.

** Only available in the EX and TEC Models*

Interior Details

Rear Occupant Alert*
Don't leave anyone in the rear seats when you park. Rear Occupant Alert tracks door-latch use, and reminds you with a message in the cluster.

Telescopic & tilt steering wheel
Adjust the steering column up and down, and in and out, to find just the right position for you.

Auto defog system*
The auto defogger detects mist on the windshield and automatically deploys the fans to clear the glass rapidly.

ECM rear-view mirror*
The Electro-Chromic Mirror automatically controls the glare from the headlamps of the car behind you at night.

Rain sensor*
The rain sensor detects raindrops on the windshield and activates the wipers for clear visibility.

Sunvisor illumination lamps
The bulb lamp above the vanity mirror on the driver-side sunvisor lights up to help you see yourself better in the mirror.

** Only available in TEC Model*

Manual climate control
Simple soft-touch switches and dials let you adjust the temperature quickly with minimal distraction.

Full Auto Temperature Control (FATC)*
FATC lets you set a desired temperature for a comfortable ride in any weather condition.

Adjustable seatbelt anchor
The height-adjustable seatbelt anchors allow for seatbelts to be raised and lowered to achieve a perfect fit.

Front & rear door bottle holders
Drink bottles are easily on hand thanks to holders in both the front and rear door panels.

Center console armrest
The armrest is covered in soft material color-coordinated with the interior trim and offers comfortable support when driving.

Rear USB charging port
Rear passengers can charge their electronic devices via the USB port mounted on the back of the center console.
