

Kia Sonet

Begin your SUV life.

Movement that inspires

Your journey begins.

Be inspired by the all-new Kia Sonet compact SUV. Start with its refined and dynamic appearance. Add a stylish, connected and spacious cabin. Enjoy simple controls and forward-thinking technology. The compact and classy Sonet means journeys full of possibility and discovery.

Start with style.

Along with its cross-over capabilities, the new Sonet features sporty SUV contours and trim elements. A versatile rear hatch makes every journey a breeze. Stylish but fun, functional but future forward.

Striking headlights

The alluring shape of the Sonet's front grill and light housings is inspired by the eyes and nose of a tiger.

Stylish rear light clusters

Rear tail light clusters feature iconic Heartbeat graphics. They emphasize design continuity with the front headlamps.

Sporty, sturdy profile

The sturdy C-pillars behind the rear doors feature sporty trim accents that highlight the shapes of the tailgate and rear side windows.

Diamond-cut 16-inch alloy wheels

Alloy wheels with smooth, angled silver spoke elements give the impression of motion, even when standing still.

Get comfortable. Stay connected.

Begin every journey from a commanding height, with plenty of room to stretch. Enjoy refreshingly simple connectivity to help you stay informed and entertained. Get moving with sufficient comfort and technology to keep your mind at ease.

8-inch touch screen infotainment

In addition to its easy touch controls for the audio system, the 8-inch audio display can show the screen image of a paired, compatible mobile phone by wireless phone projection using the Android Auto and Apple Carplay apps.

Rear View Monitor (RVM)

When the transmission is in reverse, the 8-inch audio display shows the area behind the Sonet, with parking guidelines superimposed on the video image.

3.5-inch mono TFT LCD screen

A full-colour instrument cluster keeps you abreast of what's going on under the hood.

Precision-enhanced simplicity.

A well-matched drivetrain offers reliable and invigorating performance and handling around town. Safety and performance are integrated better than ever before thanks to computational power and a new platform design.

2 airbags & remarkable rigidity

The Sonet offers the protection of a 2-airbag SRS system. High strength steel is applied throughout to improve rigidity, redirect impact forces, and protect the cabin and its occupants.

Hill-start Assist Control (HAC)

When you are stopped on an incline, HAC momentarily holds the brake as you move your foot to the accelerator, so you can make a safe, smooth start.

Parking Distance Warning (PDW)

With ultrasonic sensors mounted on the rear bumpers, PDW warns of any obstacles when you maneuver into tight spaces.

CVT and 6-speed manual transmission

The CVT automatically matches the effective ratios to engine and driving conditions. The 6-speed manual transmission lets you switch gears quickly and precisely.

Begin exploring.

Inspiring journeys lead to new horizons.
Set off on your own expedition,
or always be prepared for one.

392ℓ cargo capacity

Bluetooth with voice recognition

Auto light control

Beltline chrome moulding

Projection fog lamps

Ventilation for 2nd row passengers

Roof rail

Door garnish moulding

Rear bumper and skid plate

Interior Trim.

Stylish all-black interior

Black cloth

Dimensions (mm)

		16-inch tire based	
Overall length	4,120	Overhang (front)	833
Overall width	1,790	Overhang (rear)	787
Overall height	1,646	Wheel tread (front)	1,558
