MAZDA CX-3

INTRODUCTION

ENJOY THE POTENTIAL

Introducing the groundbreaking Mazda CX-3, the Crossover that masterfully blends the stylish aesthetics of a hatchback with the robust versatility of an SUV. The Mazda CX-3 is tailored for both city streets and country roads, equipped with the latest SKYACTIV TECHNOLOGY to ensure natural agility and exceptional fuel efficiency. Available in a range of models tailored to various needs and styles, the lineup includes the 2.0L Active, perfect for everyday efficiency; the 2.0L Dynamic, which adds a sportier touch; the luxurious 2.0L Individual; and the top-of-the-line 2.0L Hikari, each designed to elevate your driving experience.

WHERE POWER AND GRACE MEET

The Mazda CX-3 is a prime example of KODO — Soul of Motion design, which draws inspiration from the vitality of motion seen in nature. This design philosophy captures the powerful grace of an animal pouncing or a human leaping into action, embodying energy and elegance in motion. The Mazda CX-3 balances athletic presence with streamlined simplicity and meticulous attention to detail, offering a sense of dynamism and spontaneity. This approach not only impacts the car's physical appearance but also enhances the driving experience, making the Mazda CX-3 a vehicle that truly stands out in its class.

MAZDA CX-3

PERFORMANCE

ENGINEERED TO PERFECTION

Feel that Jinba-Ittai sensation like the bond between a horse and rider like never before. Mazda's SKYACTIV Technology puts you at the heart of the driving experience with responsive handling, strong grip and a tangible sense of quality and pleasure on tight city streets or twisting country roads.

EFFICIENCY TO GET EXCITED BY

Mazda is committed to reducing the environmental impact of our vehicles, yet we'd never want to compromise the driving enjoyment that's core to our DNA. In answering this challenge, we arrived at a breakthrough – SKYACTIV TECHNOLOGY. In every way imaginable, the Mazda CX-3 has been created to unlock efficiency and unleash performance potential. i-Stop cleverly saves fuel by turning off the engine when you come to a stop, positioning it perfectly for a quick restart. i-Stop comes standard in all automatic models.

SKYACTIV-G 2.0L

The Mazda CX-3 boasts an efficient engine with advanced direct injection and unique piston design for improved power and reduced emissions. Its design minimizes friction, enhancing efficiency. This results in 115 kW of power and 206 Nm of torque, while maintaining low fuel consumption at 6.3L/100km.

MAZDA CX-3 EXTERIOR

A COMPACT SUV WORTH OBSESSING ABOUT

KODO Design, Mazda's "Soul of Motion" philosophy, infuses the Mazda CX-3 with a sense of movement, even at rest. This design enhances aerodynamics for better efficiency and quieter rides, while Adaptive LED headlamps and distinctive rear lamps boost visibility and style, making the Mazda CX-3 a standout compact SUV with functionality.
