

# The unique grooves on the roof is an aerodynamic solution that reduces noise at higher speeds. Normally there is a mass damper in the roof, but with the boomerang groove the damper is not necessary. Agility in the city is critical (aside from looking great, that is!), and you often need to get out of interesting situations as quickly as you got into them. With the Nissan 4.7M MICRA ACTIVE, you can. High performance suspension and power steering makes navigating the most treacherous of urban roads and bumpy backstreets second nature. Easy to navigate the city thanks to its tight 4.7m turning radius. NISSAN MICRA ACTIVE

# BIGCITY BIGSAFETY

Getting the most out of the city with Nissan MICRA ACTIVE'S agility and easy handling comes with the confidence of a wealth of safety features, to ensure the city streets don't become the mean streets. So you can let loose your sense of adventure, without losing your sense of responsibility.

## HELPS THE DRIVER TO MAINTAIN COMFORTABLE DRIVING

Even when a risk has not appeared, Nissan technologies make it easier for the driver to maintain safe driving conditions. Some of these innovations reduce the driver's burden, while others enhance visibility and awareness of the immediate surroundings at night and when parking, for example.

## HELPS THE DRIVER TO RECOVER FROM DANGEROUS CONDITIONS TO SAFE DRIVING

When a risk appears, warnings and automatic countermeasures help the driver avoid it.

## HELPS MINIMIZE THE DAMAGE WHEN A COLLISION IS UNAVOIDABLE

In cases when an accident cannot be avoided, additional Nissan technology helps reduce injuries and damage by activating the brakes, restraining passengers, and applying other measures.

# HIGH MOUNTED HALOGEN STOP LAMP

High, centre-mounted stop lamp provides maximum visibility deceleration warning to following drivers.

#### **5 HEADRESTS**

Seats are equipped with headrests for optimum comfort and safety.

#### **AIRBAGS**

Driver and passenger airbags provide added protection in the event of a collision.

#### **ZONE BODY**

High strength body consists of a safety zone (high strength cabin) and crush zones (impact absorbing body).

MICRA ACTIVE

RESPOND

#### ABS

The Anti-lock Brake System prevents the wheels locking up to maintain control and stability should braking be pushed to the max. EBD and BA are standard.

SPEED SENSITIVE AUTO DOOR LOCK REMOTE CENTRAL LOCKING IMMOBILISER

# WE MAKE PROMISES. WE KEEP PROMISES.

INTRODUCING NISSAN ASSURED, IT'S MORE THAN A PROMISE. AS PART OF THE NISSAN FAMILY YOU'RE GUARANTEED OUR COMMITMENT TO CUSTOMER CARE, A LASTING BOND BETWEEN YOU, YOUR VEHICLE AND THE NISSAN BRAND. THAT'S OUR PROMISE.

#### **CUSTOMER EXPERIENCE**

We promise to make your Nissan experience one to cherish, from your delivery day and everyday after, our commitment is to deliver a service experience you can trust - and

#### **CUSTOMER SUPPORT**

#### ROADSIDE ASSISTANCE

We keep you on the road 24/7. Should anything unexpected happen we guarantee you 24-hour roadside assistance, no matter the age of your Nissan, because it's still a Nissan, Just call 0800 NISSAN (46 77 26) anywhere, anytime. Terms and Conditions do apply.

#### LICENCE RENEWAL REMINDER

We'll remind you in advance so you can keep your licence disk up to date.

### **3 YEAR OR 90 000KM**

For the first 3 years or 90 000km of driving your car, whichever comes first, you can rest easy knowing that our promise to you is a kept one. We'll make sure your car is running smoothly and always on the road.

### **6 YEAR OR 150 000KM**

As long as your car is under our warranty, we'll always have you covered if anything goes wrong. You don't need to stress for the first 6 years or 150 000km, whichever

#### SERVICE AND REPAIRS

#### FREE VEHICLE HEALTH CHECK

We'll give your car a free health check on every major and minor service prior to any work being carried out, so you know exactly what needs to be done, and how much it

#### COMPETITIVELY PRICED PARTS

We deliver the highest care for your Nissan by fitting only Nissan Genuine Parts. The expertise of our Nissan trained teams will also guarantee best value-for-money by finding the most competitively priced part for your local dealer.

We will arrange a courtesy car for all warranty repairs should the components required not be available within 48 hours...

Nissan's commitment to the environment

Nissan's environmental philosophy embraces people, vehicles and nature. In the pursuit of a sustainable mobile society, the Nissan Green Program aims to reduce the environmental impact of Nissan vehicles at every stage of the vehicle life cycle, while corporate activities address environmental challenges.

NISSAN'S commitment to quality: to provide all customers with a consistently high level of quality, Nissan applies the standard worldwide, to ensure that all Nissan owners enjoy peace of mind for the lives of their vehicles. The approach is based on quality from the customer's perspective on three key elements: 1. The expectation of a smooth driving experience with complete peace of mind. 2. The intangible appeal of a vehicle, its power to captivate and excite, with features that capture attention and imagination. 3. The level of attentiveness and service during the sales process, and long after the sale is concluded.

NISSAN MICRA ACTIVE SPECIFICATIONS 10

# NISSAN INTELLIGENT MOBILITY

Intelligent Mobility guides everything we do. We're using new technologies to transform cars from mere driving machines into partners. Together the journey is more confident, connected, and exciting. Whether it's cars that share the task of driving with you, or highways that change your EV as you go along. It's all in the very near future. And it's a future already taking shape in the Nissan you drive today.
