30% BRIGHTER LED LIGHTS

BRIGHTER IN EVERY WAY.

Drive safer and more relaxed at night with premium LED lighting including LED headlights that are 30% brighter than halogen. You'll see better in any situation, and make your car easier to see.

- Super-bright LED front Daytime Running Lights come as standard
- Drive glare-free on high beam without dipping your lights yourself¹
- Better visibility to the side on tight corners and when you park¹

9 a.m. Decaf to go. Still bright as a button!

Cornering Lights¹. Light up the dark areas headlight beams don't cover on corners (up to 40km/h).

High Beam Assist¹. The front camera system detects other vehicles and will switch your lights automatically between low and high beam.

¹Optional on SC and SE, standard on Ultimate models. Cornering Lights activated when you indicate to turn or the steering wheel reaches a pre-defined angle.

INTELLIGENT EMERGENCY BRAKING & WARNING ASSISTANTS

LOOKS GOOD, LOOKS AHEAD.

Thanks to innovations like Automatic Emergency Braking¹, being on the road is now much safer for you and others.

¹Optional on SC and SE, standard on Ultimate models. Automatic Emergency Braking with Pedestrian Detection works automatically above 5km/h and below 85km/h. From 5 to 30km/h the deceleration metric to reduce the impact speed of the collision is 0.9 g. From 30 to 85km/h the system reduces the speed by a maximum of 22km/h. Above this threshold, the driver needs to brake himself/herself to reduce the speed even further. Operational speed range of Automatic Emergency Braking with Pedestrian Detection depends on the detected obstacle (mobile obstacle: from 5 to 85km/h; fixed obstacle: from 5 to 80km/h; pedestrian: from 5 to 60km/h). Opel driver assistance systems are intended to support the driver within the limitations intrinsic to the system. The driver remains responsible for the driving task. ²Optional on SC and SE models in conjunction with Navi 5.0 IntelliLink. Standard on Ultimate models. ³Optional on all models as part of Park and Go Pack/Park and Go Pack Plus.

1. **The ultimate heads-up.** The Head-up display² lets you check key info, such as your speed and speed signs or navigation directions, while still keeping your eyes safely on the road.

If you overlook something important, your car reacts:

- **Traffic Sign Recognition** detects and then displays speed limits
- **Lane Departure Warning** helps stop unintentional drifting
- **Automatic Emergency Braking¹** is able to independently recognise dangerous situations, brake the car and for speeds of up to 30km/h even bring it to a complete standstill
- **Side Blind Spot Alert³** highlights vehicles in your blind spots

PANORAMIC REAR-VIEW CAMERA³

180 DEGREES.
ZERO SURPRISES.

This sophisticated 180° camera makes it easy to avoid pedestrians, bumps and scratches when you back in and out of tight spaces – with an extra-wide view of the blind spots behind and even off to the sides of your car.

Advanced Park Assist^{1,2}.

An ingenious system that finds free spaces and automatically steers you safely in. If you parallel park bumper-to-bumper, it can even steer itself out again.

¹Optional on all models as part of Park and Go Pack / Park and Go Pack Plus.

²Car steers automatically, driver operates the pedals. ³Optional on all models as part of Park and Go Pack Plus/Rear-view Camera Pack Plus. Opel driver assistance systems are intended to support the driver within the limitations intrinsic to the system. The driver remains responsible for the driving task.

YOUR 24/7 PERSONAL CONNECTIVITY AND SERVICE ASSISTANT.

OnStar¹ is a premium service that makes you feel connected, safe and cared for, virtually everywhere in Europe and 24/7, 365 days a year: enjoy top-of-the-range features such as the 24-Hour Emergency Call Service, your own Personal Assistant and a fast in-car Wi-Fi Hotspot². Welcome to the service upper class.

¹OnStar services require activation and an account with OnStar Europe Ltd., a GM company. All OnStar services and Wi-Fi services will cease to be available on December 31 2020. No trial or paid subscriptions or services, including emergency response services, will be available after that date. Charges apply after applicable trial period. All services subject to mobile network coverage and availability. The OnStar subscription packages could be different from the services included in the free trial package. Check www.opel.ie/onstar for details of availability, coverage and charges. Terms and conditions apply. Opel is not responsible for the provision of OnStar or Wi-Fi services.

²Wi-Fi Hotspot services require an account with OnStar Europe Ltd. and nominated network operator. Wi-Fi trial has a time limit and capped data allowance. Charges apply thereafter. All services subject to mobile network coverage and availability. ³OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data.

SAFE

Better safe than sorry! OnStar's specially trained advisors are there for you anytime and anywhere.

- **Automatic Crash Response^{1,3}**: in case of a crash, our advisors automatically connect to your car. If needed, they immediately brief the emergency services with passenger and key car information and can send them to your exact location.
- **24-Hour Emergency Call Service¹**: you, a passenger or a passer-by are not feeling well? Push the red SOS Button and our advisors make sure to send help right away.
- **Roadside Assistance^{1,4}**: if you have a flat tyre or a warning light in the dashboard goes on, just contact our advisors and they will send **Roadside Assistance** to your location, if required. This is even more valuable in areas with weaker mobile phone coverage or if your smartphone has run out of battery.
- **Stolen Vehicle Assistance¹**: in case your car gets stolen, OnStar blocks the ignition so the car can't be restarted again and provides the police with GPS data to help retrieve your car safely.

CONNECTED

In a connected world, so much is possible – and Opel is making sure you are fully equipped.

- **Wi-Fi Hotspot^{1,2}**: a fast and stable Internet connection enables you and your passengers to work, surf or just stream movies on up to 7 devices – thanks to the powerful OnStar roof antenna.
- **Remote Control^{1,5}**: if you forgot to lock your car, you can use your smartphone to remotely lock or unlock it, even from afar, thanks to the **myOpel Smartphone App**.
- **Car Locator^{1,5}**: forgot where you've parked? Pinpoint your car's location on the app. If you are close and still do not see it, just blink the headlights or sound the horn to see where you've parked.

CARED FOR

Who wouldn't want a personal assistant? At the touch of a button, you will be connected to an advisor who is at your service 24/7/365.

- **Hotel Booking^{1,6}**: plans changed? Or too tired to keep driving? Let our advisors take care of your hotel booking en route, powered by Booking.com. Just press the blue Service Button.
- **Parking Service^{1,7}**: never search for a parking space again! Via Parkopedia.com, OnStar finds the next vacant parking spot. This way, you already know availability and parking fees before you get there.

¹OnStar will direct a professional breakdown recovery team to your location. If your car is within the Opel New Vehicle Roadside Assistance coverage period, OnStar will connect with the Opel Roadside Assistance service, who will send help free of charge, subject to the Opel Roadside Assistance terms and conditions. If your vehicle is outside the coverage of the Opel New Vehicle Roadside Assistance service, the provider of the breakdown recovery service may apply charges for the services provided. ²Some elements of Smartphone App may not be available for all cars/trim levels. Check www.opel.ie/onstar for service limitations and charges. ³An OnStar advisor can help you to book a hotel room using Booking.com, subject to the Booking.com user terms and privacy statement, which can be found on the Booking.com website, and the applicable terms and conditions for your hotel. OnStar assists you to make a booking and is not responsible for the services provided by Booking.com or the applicable hotel. E-mail address and credit card required. ⁴Only available for car parks listed in Parkopedia.com. Availability applies only to the moment of contact with OnStar.

ONSTAR

HOW CAN I GET ONSTAR?

OnStar is standard on all Crossland X models.

TO GET IT:

1. Request OnStar when you order your new Opel Crossland X.
2. OnStar will send you an e-mail invitation so you can activate your account.
3. Complete your registration online and set up your preferences.
4. OnStar is ready to go!

After the 12-month free trial period¹, you can decide to order a continuation of the OnStar services. This will be subject to a fee.

You can purchase Wi-Fi Hotspot data packages separately from the nominated network provider by following the instructions on www.opel.ie/onstar/aftermytrial. Charges apply after the free trial period.

1. **Split and slide.** You can split the rear seats 40/60 and slide¹ them forward or back to expand the boot up to 520 litres. For 1,255 litres of load space flip the whole back row flat.
2. **Flexibly yours.** The rear-seat backs fold down separately. The centre section² folds down only partially to make room for long objects like skis. It can also double as an armrest.

¹Sliding feature optional at extra cost as part of Versatility Pack. ²Folding centre section optional at extra cost as part of Versatility Pack.

Around 4. No such thing as too many plants!

OUTSTANDING VERSATILITY

MORE LIFE, LESS LIMITS.

The Crossland X always seems to have space to spare. The boot measures 410 litres and that's before you make use of the ultra-flexible seating system. From pushchairs and plants to a carful of kids, it's made to handle whatever makes your day.

5.10 p.m. Sharing the sweetness.

CRISP EXTERIOR DESIGN

URBAN JUNGLE CHIC.

The SUV design of the Crossland X is sporty, sleek and just the right size for the city. The front stance is bold – low, broad and powerful. On the side, dynamic creases draw the eye from double-wing headlights past athletic claddings to the crisp and elegant rear.

PREMIUM INTERIOR DESIGN

ON THE GO IS THE PLACE TO BE!

Driving wherever is a pleasure when your car is designed to feel like a warm welcome, and works in perfect harmony. The fascia is uncluttered, there's plenty of room and the extra height makes for excellent all-round visibility. The craftsmanship and materials are excellent throughout.
