PEUGEOT

208 RE-ENERGISED

The Peugeot 208 has been re-energised with an assertive, strong and elegant style. In addition to its striking look, innovative lifestyle technology has been introduced to ensure maximum convenience and safety. Plus, the efficient range of Euro 5 engines delivers excellent drive and performance with impressive fuel economy.

MAGNETIC STYLE

The streamlined front face has sharper, more pronounced lines and features a wider, fully integrated grille.

Its striking style is enhanced by two-tone headlights*. Black and chrome detail provides structure and definition, while LED daytime running lights* give a glimpse of the technology and efficiency incorporated in the Peugeot 208.

*Standard from Active level

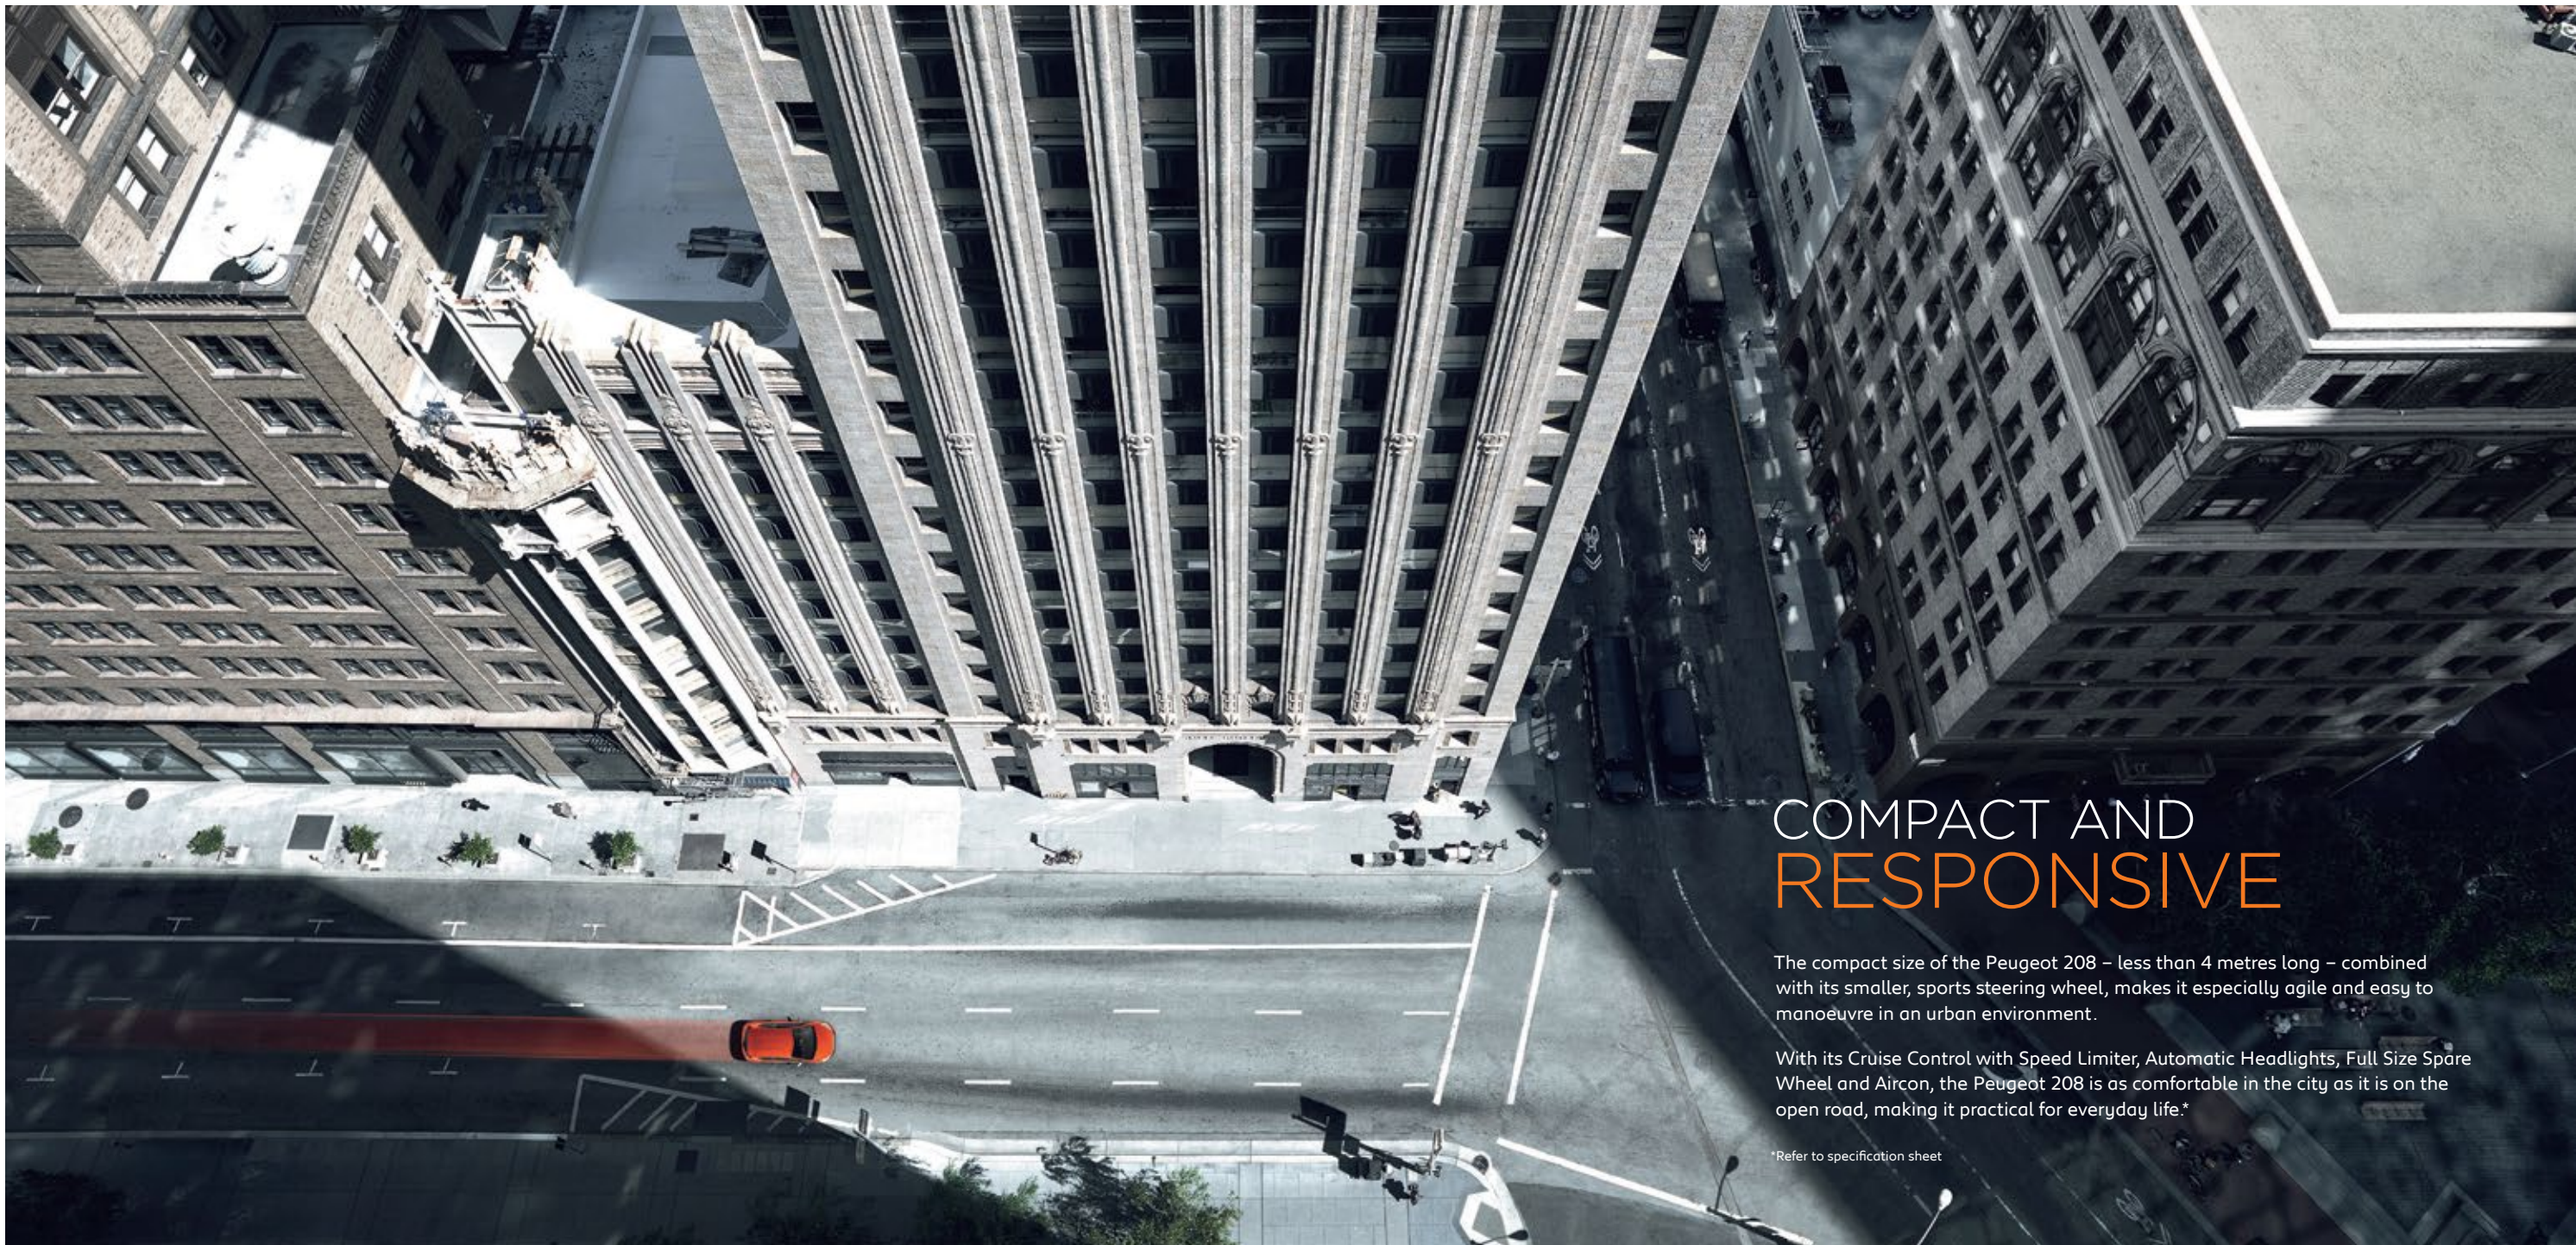

ASSERTIVE
AND ELEGANT

An urban hatchback with a strong personality and an assertive style, the eye-catching Peugeot 208 has a chic and dynamic design with perfect proportions.

Integrated cornering assist fog lights* add to the visual transformation of the Peugeot 208, making it appear wider and more robust, with a stronger stance on the road.

*Standard from GT Line level.

COMPACT AND RESPONSIVE

The compact size of the Peugeot 208 – less than 4 metres long – combined with its smaller, sports steering wheel, makes it especially agile and easy to manoeuvre in an urban environment.

With its Cruise Control with Speed Limiter, Automatic Headlights, Full Size Spare Wheel and Aircon, the Peugeot 208 is as comfortable in the city as it is on the open road, making it practical for everyday life.*

*Refer to specification sheet

EXCITING AND INSTINCTIVE DRIVING

The intuitive Peugeot i-Cockpit makes driving exciting, instinctive and safe. The heads-up instrument panel allows driver information to be accessed easily without taking your eyes off the road. Available from Active level, the large 7" colour Touch Screen places all functionality at your fingertips.

Another cutting edge new feature in the Peugeot 208 GT Line is the Peugeot Mirror Screen® which allows your compatible smartphone apps to be mirrored on the 7" touchscreen and be easily managed using the vehicle controls.

The Peugeot 208 offers a premium, sleek interior with exceptional attention to detail, from optimising the interior space, to the choice of materials and ultramodern mood lighting, which includes ambient white backlighting.

GT LINE STRONG PERSONALITY

The Peugeot 208 continues its move upmarket with the arrival of the GT Line, which has a strong, dynamic and sporty feel.

The 208 GT Line is available in 5-door, with a choice of two versions:

- the 1.2 PureTech Turbo 81kW S&S* Manual, and
- the 1.2 PureTech Turbo 81kW S&S* Auto.

*S&S - Stop and Start

Exterior features:

- Equaliser grille with red 3D markings
- Gloss black grille surround and front fog light finishers
- 17" Caesium alloy wheels
- Gloss black door mirror shells
- Single chrome exhaust tailpipe
- GT Line badging
- Red Peugeot lettering front and rear
- Tinted rear windows

GT LINE SPORT STYLING

The GT Line has an excellent level of specification and adopts many of the styling attributes of the iconic GTi model.

Interior features:

- Black and red GT Line sports seats with red contrast stitching
- Black seatbelts with red line detail
- Gloss black door handles with red line detail
- Leather sports steering wheel
- Aluminium door sill finishers
- Aluminium pedals
- Touch Screen with red and black sports theme

ENGINE

The Peugeot 208 Active and Allure models are fitted with a PureTech 3-cylinder engine available in a naturally aspirated 1.2l 60 kW version.

The PureTech 3-cylinder is also available in a turbocharged 1.2l 81 kW version fitted on the GT Line with Stop&Start technology. The GT Line version is available with a 5-speed manual transmission, or the 6-speed EAT6 automatic gearbox (Efficient Automatic Transmission 6-speed).

PureTech 3-cylinder petrol turbo

Designed to produce drivability and performance, this engine combines efficiency with cutting edge technology. It takes the best that the market has to offer and finds the perfect balance between torque and power at low revs. This advanced technology generates a substantial saving in fuel consumption and reduced CO₂ emissions compared to other vehicles with equivalent power and torque ratings.

Combined with the automatic EAT6 gearbox, the 1.2 PureTech 81 kW EAT6 S&S turbo version emits CO₂ emissions of only 116 g/km.

1.2 PureTech 60 kW Active & Allure

GEARBOX	5 Speed Manual
MAXIMUM TORQUE (Nm)	118 @ 2750 r/min
MAXIMUM POWER (kW)	60 @ 5750 r/min
COMBINED DRIVE CYCLE (litres / 100km)	4.3 / 4.5
CO ₂ EMISSIONS (g/km)	99 / 103

1.2 PureTech 81 kW Turbo GT Line

GEARBOX	5 Speed Manual / 6 Speed Automatic
MAXIMUM TORQUE (Nm)	205 @ 1500 r/min
MAXIMUM POWER (kW)	81 @ 5500 r/min
COMBINED DRIVE CYCLE (litres / 100km)	4.5 / 4.6
CO ₂ EMISSIONS (g/km)	104 / 116

PEUGEOT AND THE ENVIRONMENT

PURE TECH

The Peugeot 208 offers a range of the latest generation, Euro 5, 3-cylinder PureTech petrol engines. A product of Peugeot's intelligent engineering, they combine reduced weight, innovative materials with the efficiency of applying direct fuel injection to three cylinders. This advanced technology offers a drive and performance normally associated with much bigger engines but with significantly improved fuel consumption and CO₂ emissions.

Peugeot is a leading manufacturer of low emission vehicles and more than half of its global sales are for vehicles emitting less than 140g of CO₂ per km. Peugeot has also led the way on other breakthrough technologies including Stop & Start and a new generation of engines.

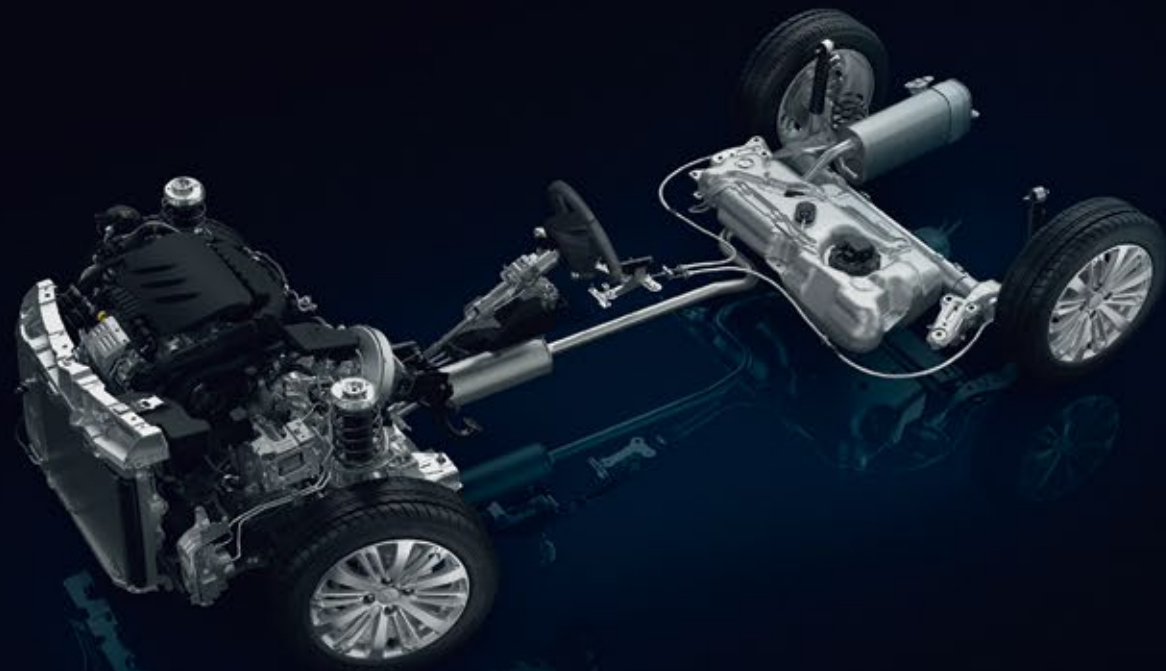

DRIVING EXPERIENCE

Suspension

High performance, versatile and efficient PureTech engines offer a responsive driving experience on Peugeot 208 without compromising on fun and enjoyment.

The compact steering wheel in the Peugeot i-Cockpit is linked to a specific suspension system, which is adapted according to engine. The weight-optimised drivetrain combines simplicity and responsiveness, offering the perfect balance of comfort and road holding to guarantee real driving pleasure.

Automatic Gearbox

The Peugeot 208 1.2 PureTech Turbo 81kW EAT6 S&S is equipped with a 6 speed EAT6 (Efficient Automatic Transmission) automatic gearbox, which optimises fuel consumption and enhances driving experience. This gearbox uses **Quickshift technology** allowing for faster gear changes and is the new benchmark in terms of driving enjoyment.

Its capacity for energy efficiency is almost equivalent to that of a manual gearbox with reduced friction and lockable converters in every section to prevent slippage.

It has been designed to significantly reduce CO₂ emissions and is comparable with the equivalent manual, making it extremely well positioned in both drivability and fuel consumption.

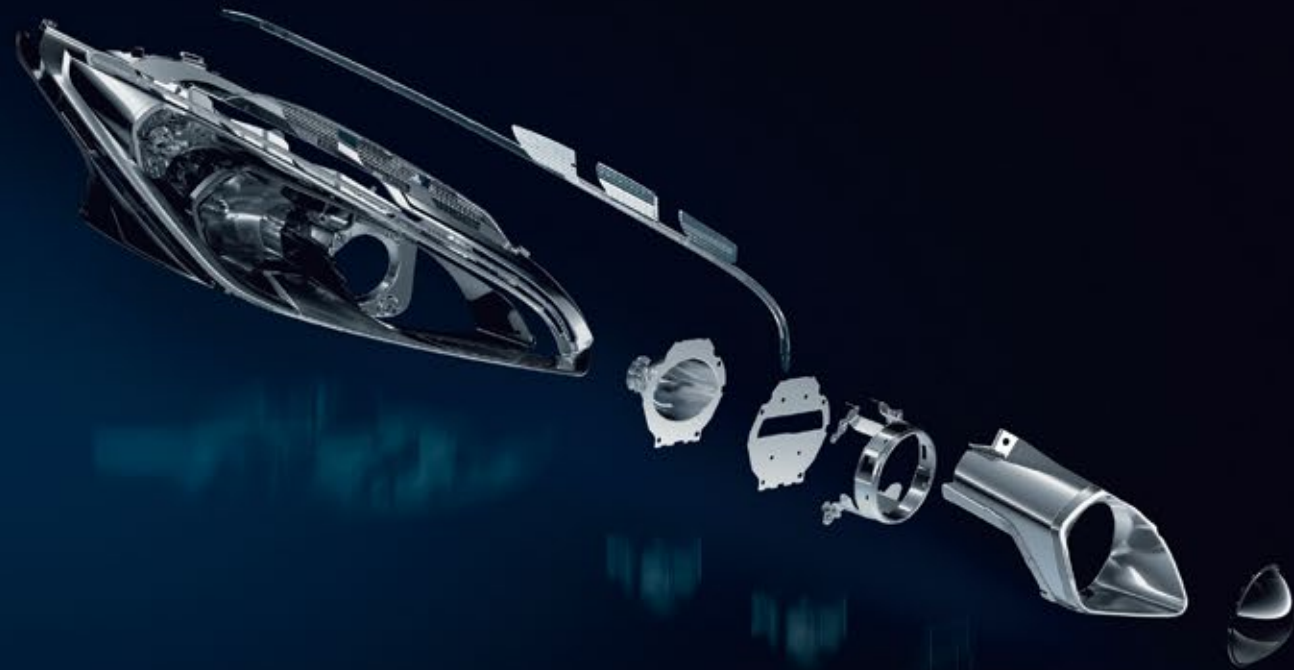

SIGNATURE LIGHTING

At the rear, full LED light clusters with 3D 'claws' add finesse to the Peugeot 208's distinctive style.

Their uniform look, opaline red-hot colour and very deep contemporary 3D effect, makes Peugeot's signature lighting so easily identifiable.

CUTTING EDGE TECHNOLOGY

Headlights

The structured two-tone black and chrome headlight design combined with the high-tech LED* signature lighting make the Peugeot 208 instantly recognisable and also provide excellent visibility, especially around bends.

*Standard from Active level.

Rear lights

The rear light clusters with their full LED 3D 'claws' stand out on the Peugeot 208. This trademark claw design has become an integral part of Peugeot's style identity and is now equipped on the entire 208 range.

SAFETY

Airbags*

In the case of a collision, up to 6 airbags will protect occupants:

- 2 front airbags
- 2 side airbags, and
- 2 curtain airbags

Safety features*

The 208 has a high level of active safety and is equipped with ESP. Further safety features include:

- Traction Control (ASR)
- Stability Control (CDS)
- Emergency Brake Assistance (EBA)
- Electronic Brake Force Distribution (EBFD), and
- Anti Wheel-Lock (ABS)

Cornering assist fog lights*

In low beam or high beam, this function allows the front fog lights to illuminate the inside of a bend when the vehicle's speed is below 40 km/h (city driving, winding roads...).

Alarm

All 208 models are equipped with an anti-theft alarm system.

*Refer to specification sheet

FRESH AND MODERN COLOURS

The selection of colours and paint finishes – solid, metallic and pearlescent – available for the Peugeot 208 range includes some never-before-seen options. With a rich and varied colour palette, it heeds the demand for more exclusive and unique cars.
