

**RENAULT**  
Passion for life

New  
Renault **KADJAR**

# Dare to live.

With fluid lines, an aggressive grille and athletic shoulders, the Renault Kadjar is boldness incarnate. Inspired, solid and sporty, it's by your side in whatever you do and is ready to venture into new horizons at the drop of a hat.

## Comfort, supersized

With the New Renault Kadjar and its generous cabin bathed in light, your motoring adventures will always be a comfortable, luxurious affair. The panoramic sunroof, double topstitching, enveloping seats, soft-touch dashboard, high and wide centre console, chrome-bordered gauges and gear knob all convey a refined finish.

A high-tech touchscreen multimedia system, automatic climate control and intuitive digital instrument cluster make your motoring more enjoyable and effortless.

## Set off on new adventures

At the wheel of your new crossover, explore uncharted territory and new horizons. Safe and user-friendly, the New Renault Kadjar does away with convention; its efficient engines, multiple driving assistance features, comfortable and refined interior, and its intelligent modularity make it the ideal vehicle for escaping. Go trailblazing. With its exclusive look and its mineral grey front and rear skid plates, the more brazen Kadjar 4x4 version urges you to explore new horizons.

## Assisting your motoring everyday

Making your motoring easier and more fluid is one of the New Renault Kadjar's missions. Its optional driving assistance systems make driving the Kadjar as safe as can be. The Kadjar optional extra features on offer:

**Easy Park Assist.** The system assesses the available space and defines the trajectory. Let it take control of the steering for hassle-free handsfree parking.

**Blind spot warning.** This system detects the presence of vehicles in your blind spot. It automatically alerts the driver using a light signal located on the door mirrors.

Features and images may vary and be optional depending on model, and are subject to change without notice.

## Strength of character

Offering sculpted and enveloping rear lights, a "C" shaped LED light guide on the daytime running lights, and light 17" and 19" alloy wheel rims, the Kadjar asserts itself with authority and distinction, proud of its innovative lighting signature.

## Four-Wheel Drive freedom

Three modes are available on the Kadjar 4x4 model: **2WD:** the power is only transferred to the front wheels to optimise fuel consumption under normal driving conditions. **Auto:** the transmission ratio between front and rear wheel adapts to ensure optimal traction and also automatically corrects the torque distribution. **Lock:** on uneven surfaces such as soil, sand, mud and snow, 50/50 distribution between the front and rear wheels is maintained up to 40 km/h.

## Efficiency without compromise

The engines powering the New Renault Kadjar are advanced, reliable and low on consumption. Fitted with the Stop & Start system (Petrol engine) with regenerative braking, including a host of new technologies (downsizing, friction reduction, latest-generation injection systems) that assist with great levels of performance and consumption.

### 96kW dCi

Both versatile and advanced, this diesel engine is packed with the expertise of Renault's motor engineers. No need to compromise either performance for pleasure or driving sensations for consumption. The 96kW 1.6 dCi turbo is also coupled with Four-Wheel Drive.

### 96kW Turbo

Flexible and responsive from low rpm, the 96kW 1.2 turbo petrol engine delivers power with its turbo function and economy with its low consumption.

## Gear up your Kadjar

### 1. Bicycle carrier

Quick to fix on the towbar, allows you to carry up to 2 bicycles easily and in complete safety. Foldable and hinged for easy access to the trunk. 3 Bicycle version also available.

### 2. Urban Loader roof box

Allows you to increase the loading volume of your Kadjar. Practical, strong and aerodynamic, becomes essential for journeys without compromise.

### 3. Retractable Tow bar

Retracted in a single movement. Swiftly available on demand without any tools or effort required. Becomes invisible when retracted under the fender to preserve your Kadjar's styling.

### 4. Alarm

Efficiently reduces attempts of stealing your vehicle or objects from its interior.

### 5. Trunkliner

Perfectly adapted to the shape of your trunk, ideal for transporting dirty objects. Ultra practical, easy to fit and clean.

Renault South Africa (Pty) Ltd. reserves the right to modify its models without notice, likewise their characteristics, equipment and accessories.

Renault recommends 

## Superior safety

### ABS coupled with Emergency Brake

**Assist (EBA).** Electronically increases braking pressure when an emergency situation is detected. Shortens braking distance by up to 9 metres.

### Electronic Stability Programme (ESP).

In case of loss of control of the vehicle due to excessive speed or slippery road, the ESP helps to get the car under control again, by reducing engine power and braking on independent wheels.

**Hill Start Assist (HSA).** When the vehicle is stationary, after taking your foot off the brake pedal, the car remains immobile (for two seconds) to allow time for you to set off calmly. No more need to apply the handbrake to avoid moving backwards.

**Side & Curtain airbags** across the range.

**3 point safety belts** for the 3 rear passengers - safety for all passengers.
