Shot of style

With its classy lines, the Renault Megane has a daring, expressive design and assertive styling. Inspired and strengthened by a unique lighting signature, the Renault Megane invites you to get behind the wheel and rediscover real sensations.

Strong emotions

The striking Renault Megane is instantly recognisable. Its daytime running lights with LED technology give it a sharp look. The rear lights, also LED but with 3D effect, highlight its unique personality, day and night.

The power of choice

Inside, the key words are quality and harmony, with its generous cockpit and premium finishes. You choose and the Megane adapts: "Eco", "Comfort", "Neutral", "Sport", "Personal", the MULTI-SENSE* system configures your vehicle to meet your current desires. It controls both technical configurations (engine response, gear changes, variation in steering wheel effort, engine sound, responsiveness) and on-board environment (tone of interior lighting, information displayed, colour of instruments).

Is your mood sporty? Calm? Relaxed? Move from one driving experience to another. MULTI-SENSE, it's a bit like having several Meganes in one!

* Only available on Dynamique model

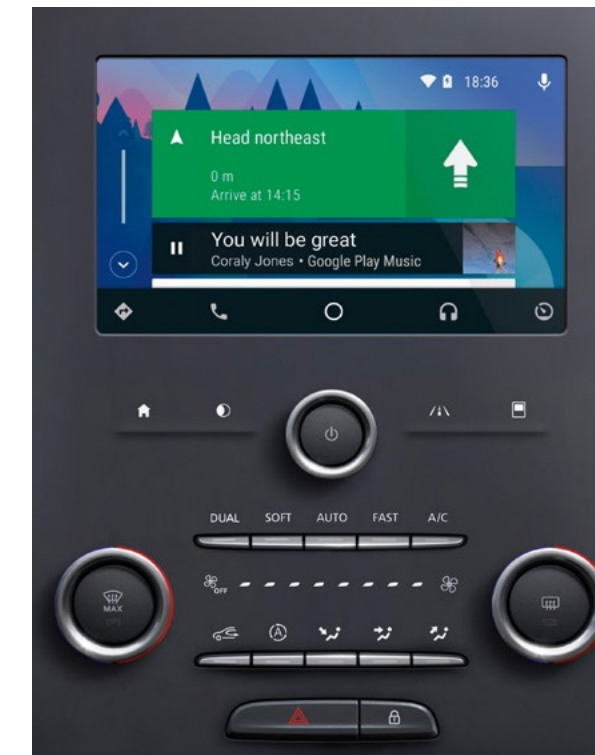

High Tech experience

With the Renault Multimedia system at your fingertips, you can control multiple functions that make each of your journeys even more invigorating. The 7" portrait touchscreen is responsive, ergonomic and luminous, just as easy to use as your tablet.

By touching it or using the fingertip controls, it is very easy for you to access your contacts, music content and the on-board navigation. You can also use Voice-intuitive voice recognition to safely call someone on your contacts list, dictate an address or display an application.

A true control centre, it also allows you to manage the MULTI-SENSE system, the driving assistance systems and your preferences: you can create up to six different profiles.

A digital dash display, climate control, cruise control, auto lights and wipers and steering wheel controls also keep the driver informed, comfortable and safe on every journey.

Explore the pleasure of MULTI-SENSE

Exclusively fitted with the MULTI-SENSE system, The All-New Renault Megane adapts the behaviour of your vehicle to your mood.
Five modes for five unique driving experiences.

In **Neutral Mode**, The All-New Megane adapts to a more relaxing atmosphere and allows you to enjoy the air conditioning at its full capacity.

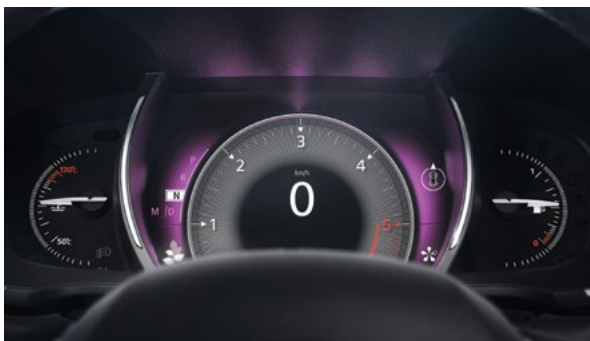

In **Eco Mode**, you can make use of the energy-saving eco mode which reduces the steering wheel effort, the engine response, the EDC calibration and the air conditioning capacity.

In **Comfort Mode**, the steering effort is still low but the engine response is improved. You can use the air conditioning at its full capacity and the engine sound is enhanced.

In **Sport Mode**, you use all the features at their full capacity for a sportier driving experience. The acceleration of the vehicle is quicker, the EDC gear-box ratios are reduced and the steering gets heavier for more precise control.

In **Perso Mode**, you are free to choose the level of each feature to configure your vehicle to meet your current desires.

Enjoy this immersive light experience, whether in blue, red, green, sepia or purple, with the customisable digital dashboard featuring the most relevant driving information.

Responsive, high tech, economical

The New Megane is available in 2 petrol engine derivatives. Renault has capitalised on Formula 1® technology forged in competition to further improve their engines. With lively responses, sharp acceleration, and flexibility, this range of engines combine driving pleasure with great fuel economy.

97kW 1.2 Turbo Performance and comfort

With 97kW at 5,500rpm and 205Nm from 2,000rpm, the 97kW Turbo engine offers you the same performance as a 2 litre atmospheric engine. Its direct injection and integrated turbocharger give it exceptional flexibility and responsiveness. Its capacity to operate at high speed without running out of energy gives you comfort and driving pleasure that are second-to-none. It is very quiet, and can be distinguished by its soft-edged sound.

EDC Dual-Clutch gearbox

Full of technology, the EDC automatic gearbox with dual clutch transmission combines the comfort of an automatic gearbox with the responsiveness and fuel economy of a manual gearbox. With its 7 gears, it offers you flexibility, dynamism and reduced fuel consumption. What more could you ask for?

The Renault Promise

MyRenault

MyRenault has been designed to make your life a little easier.
Manage your vehicle online and take advantage of a range of specially tailored offers and benefits.

Register now: www.myrenault.co.za

Parts Availability

Whatever parts you need, should we not have them, we'll offer you a mobility solution.
Renault ranks amongst South Africa's motor industry leaders in affordable parts pricing. Parts availability is ensured in Renault dealerships, but should your Renault become immobilised through spare parts being unavailable, you will be offered a mobility solution.

5 Year / 150 000km Warranty

With a 5 year / 150 000km warranty*, you're always covered.
Should you experience any mechanical failure resulting from a defect in an original part(s) on your new Renault vehicle, Renault will cover the cost of repairs for a period of 5 years or 150 000km.

Service / Maintenance Plans

We offer standard or tailor-made options to suit your needs.

Service Plan

Having a Service Plan reduces the costs of servicing your new car. The price of the Service Plan is fixed when you buy your car, so you won't have to worry about inflationary price increases on labour or parts; for the duration of your Service Plan.

Maintenance Plan

Upgrade to a full Maintenance Plan, a comprehensive package that not only covers all your service, maintenance and labour costs over a contract period, but also gives you greater peace of mind.

24hr Roadside Assistance

Whatever the emergency, we'll always be there.
Because your personal safety is of utmost importance to us, help is one phone call away. Simply dial 0861 736 2858 for assistance or for a team to be dispatched to you. Our 24 hour Roadside Assistance Plan covers all new Renault vehicles for a period of 5 years or 150 000km with an option for extension.

*Warranty does not cover wear and tear items such as shock absorbers, brake pads, clutch, cam belt, etc.
