

IGNIS

LikeNoOther

Way of Life!

LIKE. NO. OTHER.

WHAT DRIVES YOU?

Your time is now.

Use it to design, to innovate, to grow.

Create a space for yourself.

Map your life and follow your own road.

Customise your experiences, and tell
your own story.

Be like no other.

Original. Independent.

The new generation.

IGNIS. Like No Other.

LEADING WITH STRENGTH

The IGNIS has a powerful and strong road presence, with broad shoulders, chunky wheels, and a front grille as distinctive as you are.

EMBRACE YOUR ORIGINALITY

With LED projector headlamps set into the clamshell hood, and LED DRL with chic chrome finish, the IGNIS helps you show your true colours, with conviction.

THE PROFILE OF AN INNOVATOR

IGNIS holds your position on the road firmly, with its four wheels planted on the extreme corners of the car – a stance that is immovable, just like your resolve to be a trail-blazer.

Unique proportions, expressive wheel arches, the Suzuki Progressive Triad, and black alloy wheels all defy traditional design – just like you.

EXPRESSIVE OUTSIDE. IMPRESSIVE INSIDE.

The IGNIS cockpit experience is every bit as original and customised as you would expect. Its floating dashboard style, dual tones, and elevated infotainment system give you the level of design control you need, and the right amount of style to pull off anything.

The dynamic look of the switchgear, complementing body-colour accents and carbon fibre styled AC louvres give you a driving experience that is as varied and multi-faceted as your own personality.

- Radio, USB Aux, Bluetooth® (GLX only) and MP3 Capabilities with a top-quality sound system.
- Power front and rear windows
- Electric power steering
- Climate control (GLX only)

TECH ADVANCEMENT, AT YOUR FINGERTIPS

IGNIS doesn't only look like iconic innovation. It also features advanced technology in all its internal and external functions. You have a push start, automatic climate control, reverse parking sensors, and a range of other convenient and high-tech features to keep you travelling down your road.

- Reverse Parking-Sensors
- Electronic Adjustable Rear-View Mirrors

SPACE FOR EVERYTHING. UP FOR ANYTHING.

Innovation and Adventure always need a little more space. With generous headroom and legroom, 60-40 split seats, and convenient utility spaces, the IGNIS is designed with the comfort of passengers and changes in storage requirements in mind.

A STERLING PERFORMANCE

The IGNIS boasts an efficient but powerful 1.2ℓ engine, getting you from A-B and further in style, at pace, without denting your budget.

The light weight of the engine improves fuel efficiency through better combustion, lower engine friction, and lower emissions. Delivering 61 kW of refined power of at 6000 r/min, and 113 Nm at 4200 r/min, this engine ensures that you drive the way you live: energetically, responsively, and always forward-moving.

SHIFTING YOUR PERSPECTIVE

This dynamo gives you an effortless, smooth, and inspiring drive, whether you choose a manual or an automated manual transmission (only available in GLX).

A SECURE JOURNEY

Key safety features come standard across the IGNIS range, so whatever your preference, you're protected. With a standard alarm and immobiliser, your car starts out safe.

The Suzuki safety shield includes TECT body structure that absorbs and disperses energy from an impact, dual airbags, ABS with EBD, and front seatbelts with pre-tensioners and force limiters.

It includes the ISOFIX child seat restraint system that adheres to international standards, while a pedestrian-friendly bonnet, collapsible wipers, and impact-absorbing headlamps, ensure anyone inside or outside the car is safer in an accident.
