

**SWIFT** / **SWIFT**  
*DZiRE* 1.2

Way of Life!

## Swiftly yours

We've taken one of our most popular models and evolved it into two affordable, unpretentious and functional, yet refined vehicles. With a quiet engine and effective cabin insulation, the Swift DZire Sedan and Swift 1.2 Hatch now boast the refinement you expect from a quality small vehicle.

## Great features get better

The Swift DZire and Swift 1.2 Hatch's modern design presents an attractive and instantly recognisable car. The interior is sensibly presented, turning the simple yet elegant and ergonomically designed cabin layout into the perfect place to explore your heart's desires.

Sporty instrument panel

Smooth 5-speed transmission

Modern Audio System

Swift 1.2 Hatch

Door pocket with bottle holder

Front cup holder

Generous legroom

Spacious luggage area

### Swift-style steering\*

The height-adjustable steering wheel in the Swift DZire and Swift 1.2 Hatch is designed to optimise your comfort. Audio control buttons built into the steering wheel let you control the audio with ease.

### Instruments & controls

The meter cluster offers essential information with a liquid crystal display. When the meters are illuminated, light passes through the crystal, creating a sporty, stylish look.

### In tune

Four speakers with excellent sound quality complement the Swift DZire and Swift 1.2 Hatch's built-in digital Radio/CD unit\* - which is very easy to use. Steering wheel controls are a convenient addition, as are the USB input and illumination control features.

### Practically spacious

The generous cabin dimensions seat four in comfort with plenty of legroom, and when it comes to boot space, the Swift DZire and Swift 1.2 Hatch is modest but more flexible than you might imagine.

### Keyless entry\*

For added convenience, the Swift DZire and Swift 1.2 Hatch are equipped with a keyless entry system.

### Swift and silent

The Swift DZire and Swift 1.2 Hatch have been designed to provide the quietest drive possible. Sound-absorbing materials and aerodynamically efficient designs, including the side rear view mirrors, ensure superb noise suppression.

### Bluetooth\*

Keep your hands firmly on the steering wheel when you connect to the built-in Bluetooth with hands-free controls.

\*GL only

## As good looking as it is fun to drive

The Swift DZire and Swift 1.2 Hatch are not only designed to be driven but also to be thoroughly enjoyed. High-level features and easy-on-the-eye good looks mean nothing without the driving pleasure and performance to match. This ultra-responsive vehicle is also coupled to one of the most fuel efficient engines in its class.

## Designed for Comfort

The Swift DZire and Swift 1.2 Hatch prove easy to drive in everyday situations. The steering is light but accurate, while the brakes, gearshift and minor controls require little effort to operate. Ride quality is pleasingly supple around town and stable at speed, exceeding all expectations. The Swift 1.2 petrol engine is ready and willing, also allowing for stress-free highway cruising. Let's go!

### **ABS**

The Anti-lock Braking System (ABS) with brake assist and Engine Drag Control (EDC) prevent skidding and ensure a minimum stopping distance even on the most slippery roads. Adding to driving confidence, sophisticated sensors are installed to constantly monitor speed. If a wheel is ever at risk of locking while braking, the ABS System automatically adjusts brake pressure.

### **Easy transmission for a smoother drive**

The five speed manual transmission, with assist mechanism reduces driver effort, while the shift lever pattern further promotes a smooth drive. The inhibitor in the Swift 1.2 Hatch and DZire manual transmission derivatives, vaunts a mechanism that guides the shift lever from the fifth-gear position to the fourth-gear position with ease so as to prevent accidental shifts from fifth-gear to reverse. The Swift DZire and Swift 1.2 Hatch comes with optional four-speed automatic transmission, which enables an effortless, smooth driving experience, with straight shift pattern.

### **Sporty fog lamps**

When the sun goes down, visibility to other motorists shouldn't. The Swift DZire and Swift 1.2 GL Hatch's edgy black-matte finish fog lamps improve visibility and provide a helpful signal to other road users.

# SUZUKI

## COMPLETE

Suzuki understands that purchasing a new vehicle is a substantial investment. Our unwavering commitment to customer satisfaction is represented in our 'Suzuki Complete' package, which includes every aspect of after-sales support, with the warranty, service plan and roadside assistance being standard.

### Warranty

All Suzuki models are covered by a comprehensive manufacturer's warranty against any defects for a period of three years or 100 000 km. This is supported by a six year body corrosion warranty subject to terms and conditions.

### Service Plan

The Swift DZire and Swift 1.2 Hatch both benefit from a 2 year / 30 000km service plan. This plan includes the replacement of oil, the oil filter, fuel filter, brake fluid, air filter and accessory belts, but excludes tyres, brakes and other wear-and-tear items.

### Roadside Assistance

Every new Swift DZire and Swift 1.2 Hatch comes with a roadside assistance plan. Some of the benefits offered by this comprehensive package include: battery and locksmith call-out services, mechanical and electrical breakdown, towing (accident towing is optional), emergency medical rescue, vehicle repatriation and a stand-by-you armed roadside security response service.

# SWIFT EXTRAS

Above and beyond the added benefit of a boot in the Swift DZire and the affordability of the Swift 1.2, both Swifts now boast a welcome selection of accessories\* to turn even the simplest drive around town into the most comfortable one.

\* Although all accessories are available to be ordered, the vehicle specifications shown may differ from the car being sold in South Africa.
