

Das Auto.

Caddy Trendline

The space to be spontaneous.

Whether you're a camper, bike rider, family man or mom's taxi, the Volkswagen Caddy has been designed to suit your lifestyle. Combining comfort and functionality with an innovative seating system, the Caddy is ready to move anyone and everyone. Featuring a sleek yet timeless design, the Caddy range boasts new common rail TDI engines, a 6-speed DSG® gearbox and class leading safety features like ESP. It's the ultimate multi-tasker - part sedan, part hatch, a little estate, and of course, a bit of bus. Because these days, having the space to be spontaneous is a luxury you can't afford to live without.

Big on space. Big on style.

Within the Caddy range, you'll find a reassuring amount of choice. Available in a range of models, choose from the 1.6i petrol engine, the 2.0 TDI diesel engine, or the range topping 2.0 TDI DSG® diesel engine – a technological milestone and further highlight of the Caddy. Apart from the standard 5-seater model, the 2.0 TDI Caddy is available in a 7-seater option. If you're really serious about super-sizing, the standard 7-seater Caddy Maxi which is 47cm longer in comparison to the Caddy, boasts a longer wheelbase and extended rear overhang – adding generous legroom and luggage space. Featuring dual sliding doors, colour coded bumpers, exterior mirrors and door handles, the new Caddy range isn't simply big on space, but big on style too!

A perfect place for everything.

Stylish and functional, the new Caddy's interior combines the best of both of these worlds to give everyone the most comfortable and memorable travelling experience. Every Caddy comes with a wide range of benefits designed to make life on the move a little easier. From well thought out storage compartments with many pockets, drawers, nets and holders to adjustable seating options with the ability to completely remove all seats in the passenger compartment. There's a perfect place for everything – luggage, surfboards, cooler-boxes, even the kitchen sink! Volkswagen's attention to detail extends to every trimming – meticulously crafted and finished in fabric that's hard-wearing and good-looking – ensuring the Caddy looks as good on the inside as it does on the outside!

Uncompromised safety.

The Caddy has been fitted with innovative safety features designed to deliver all-round protection to ensure that every trip you make sees you returning as safely as you left. With essential features such as four airbags, ESP (Electronic Stabilisation Programme), ABS (Anti-lock Braking System), TCS (Traction Control System), high-level brake lights, daytime running lights, 3-point automatic seat-belts, child lock on sliding doors and ISOFIX child seat preparation, safety is not compromised on in the Caddy range. To ensure outstanding road handling, the range has 15" rims (16" Alloy wheels in the Caddy Maxi) and 195/65 tyres (205/55 tyres in the Caddy Maxi). In addition, every Caddy driver enjoys the peace of mind that comes with our standard 3-year / 120 000 km warranty. An optional AutoMotion Maintenance or Service Plan is available from your Volkswagen Dealer.

Efficiency through technology.

Designed using the most innovative of Volkswagen's technologies, the new Caddy's exceptional versatility is also evident under the bonnet. Built on the cutting-edge platform of the new Golf, the Caddy isn't shy about performing on the open road. Innovative fuel-saving technologies and electromechanical power-steering across the range makes every journey a pleasure. Fuel injection is standard for added power, and of course, Volkswagen's renowned common rail TDI technology ensures turbo-charged power, fuel efficiency and reduced carbon emissions on the 2.0 models, without compromising on performance. Another technological innovation is the new 6-speed DSG® gearbox that changes gears automatically without interruption of power flow allowing the Caddy to take you to your destination safely and swiftly, wherever it may be.

Cross Caddy. Adventure is just a drive away.

With an exterior that is as athletic as it is sophisticated, the new Cross Caddy is built for the free at heart. Powered by a 2.0 TDI 81kW engine and sporting a robust body kit, adventure is always just a drive away. The Cross Caddy's versatility extends to its functional interior, offering stylish trim with chrome finishes and foldable seats which allow you the flexibility to take along whatever you need for the journey. Accentuated by 17" Canyon alloy wheels, silver roof railings and colour options that demand attention, the Cross Caddy is as adventurous as its striking exterior suggests.
