# For the Movers

The **up!** sets a new precedent in car design, with exceptional interior space. With its eye-catching standard steel wheels or optional alloys, enhanced by horizontal running lines to the front and smooth finishes to the side, the **up!** is an ultra-modern interpretation of the classic Volkswagen design. Sleek, contemporary and unmistakably Volkswagen. It's a car that will move you. Quite literally. Four different trim levels allow you to select exactly the finish and equipment that's right for you, ensuring you feel totally at home in your **up!**

## Move up!

Immediately identified by its body-coloured door mirrors and door handles, the Move **up!** really stands out from the crowd. 2D black cube upper dashboard, stylish "Fusion" upholstery and chrome-trimmed interior door handles create a luxurious interior, enhanced by electrically adjustable and heated door mirrors, USB interface, a standard Radio: "Composition Phone" with 5-inch colour display and Bluetooth connectivity, leather multi-function steering wheel, a variable boot floor and 60:40 split folding rear seat backrest.

# and the Takers.

## Take **up!**

The entry level Take **up!** offers an impressive level of specification, with many advanced features fitted as standard. Safety equipment includes driver and passenger airbags, side head/thorax airbags for driver and passenger, ESP, ISOFIX points and LED daytime running lights. The interior features contemporary "Lane" upholstery, practical storage compartments, power steering, remote central locking, manual airconditioning for extra comfort, tyre pressure monitor and front electric windows.

# Cross up!

The adventurous Cross **up!** offers the same roomy interior and compact exterior. Along with the advanced features that come standard in all **up!** models like airconditioning and ESP, it also includes sporty roof rails, front fog lights, 16-inch "Cross" alloy wheels, authentic front and rear bumpers, 18mm additional ground clearance, protective side moulding with "Cross" lettering and side mirror housings painted in "Light Silver". Inside, it features a leather multi-function steering wheel, front electric windows and a Radio Composition Phone including Bluetooth and USB interface.

# up! beats

It's the perfect combination of German engineering and class-leading sound innovation. A 300-Watt 8-channel amplifier with a digital signal processor, accompanied by six premium loudspeakers throughout the interior and a subwoofer create crystal-clear sound quality. In addition, the customised interior features "Beats" seat upholstery, a "deep dimension" dash pad design and a leather-covered multi-function steering wheel. With 15-inch alloy wheels which transform the road into your stage and pristine sound technology the up! beats features create the perfect ambience ensuring a memorable driving experience.

# Express yourself.

## Paints.

A wide range of exterior colours are available for the **up!** Our new colours include Honey Yellow, Teal Blue and Edelweiss. The roof package offers additional customisation and is available exclusively on the Move **up!** It features a black painted roof and side mirror housings for a contrasting look.

## Safety and Technology

- Airbag for driver and front passenger
- Side head/thorax airbags for driver and front passenger
- Anti-Spin regulator (ASR)
- Electronic stability control (ESP)
- Tyre pressure monitor system
- Power steering
- Halogen main headlights and indicators behind shared clear glass covers
- LED daytime running lights

- Central locking system with radio remote control

## Interior and Comfort

- Front electric windows
- Steering column with height adjustment
- White instrument lighting, dimmable; red night design for switches
- Height-adjustable driver seat
- Airconditioning system manual

# Wheels.

Whether you prefer a full trim or Spoke-styled alloy wheel, each one of our 14", 15" and 16" wheel designs have been created exclusively for the **up!** adding a real touch of contemporary style.

14" Steel  
165/70 R14

**Standard: Take up!**

14" Steel  
165/70 R14

**Standard: Move up!**

15" Spoke Alloy  
185/55 R15

**Optional: Move up!**

15" Radial Alloy  
185/55 R15

**Standard: up! beats**

16" Cross Alloy  
185/50 R16

**Standard: Cross up!**

# Smartphone Integration

Another innovation is the smartphone integration feature. To enable smartphone integration the "Maps + More" app has to be downloaded, giving you access to offline navigation with 2D and 3D maps, music streaming, a multi-function display (range, mileage, fuel consumption, engine speed and coolant temperature), handwriting recognition to search music files and phone book as well as a Think Blue Trainer.
